GENERAL UNDERTAKINGS AND CONDITIONS

All Riders, teams, officials and other parties participating in the FIM Trial World Championships undertake on behalf of themselves, their employees and agents, to observe all of the following provisions of the current year, as supplemented and amended from time to time (hereinafter collectively referred to as the “FIM Regulations”):

1. FIM Sporting Code
2. FIM Trial Regulations
3. FIM Trial Technical Regulations
4. FIM Disciplinary and Arbitration Code
5. FIM Environmental Code
6. FIM Medical Code
7. FIM Anti-Doping Code
8. FIM Year Book
9. FIM Organiser’s Manual
10. FIM Code of Ethics

The FIM Regulations may be translated into other languages, but in case of any dispute regarding interpretation the English text will prevail.

It is the responsibility of each Rider and/or team to ensure that all persons involved with their entries observe the FIM Regulations at all times. The responsibility of the Rider, or any other person having charge of an entered motorcycle at any time during an Event is solidary and together engaged with the team.

All persons concerned in any way with an entered motorcycle or present in any capacity whatsoever in the Paddock **on the Course, the sections and / or restricted spaces**, must carry an appropriate pass at all times during the Event.

Actions judged by the officials responsible to be contrary to the FIM Regulations - or judged to be unsportsmanlike or against the best interests of the sport or the Event in question - are subject to disciplinary actions as provided by the Arbitration and Disciplinary Code.

All above mentioned documents can be found at: <http://www.fim-live.com>

TERMS, ABBREVIATIONS, DEFINITIONS

ABBREVIATIONS:

TDN:	Trial des Nations
WTDN:	Women's Trial des Nations
WTWC:	Women's Trial World Championship
Assistant:	is a licensed person who provides assistance and is assigned to a single rider. Each Assistant has been selected, registered by a single Rider who is responsible for him throughout the Event, with the exception for Team competitions (Art. 2.11).
Closed Circuit:	A venue where it is possible for the Riders to complete the course (from the Paddock to all Sections and back) or reach the Practice area without the use of public roads (unless closed for general traffic with permission from the authorities and guarded by police or officials).
Competition:	Actions taking place on one or two days of Competition.
Event:	Commences with the technical and administrative controls, followed by Qualification and one or two day of "Competition".
Fictitious Line:	An imaginary line between two Signals indicating "Section start", a "Section end" or of a set of "gates" of a category.
Force Majeure:	An unforeseeable and insurmountable Event having an external cause and rendering impossible the execution of the obligation.
Gate:	A space between 2 arrows of the same colour - Start or End of the Section - "side to side" or left and right, which the Riders must pass through.

- Pass through a gate:** The wheel track has crossed the imaginary line of a gate.
- Practice:** The possibility offered to the Rider before the competition to test the set-up of the motorcycle and the nature of the terrain in a Practice Area according to a predetermined time Schedule.
- Qualification:** Actions taking place before the first day of competition. Qualification will be per class, penalty points and time will be taken into consideration for each Rider's starting order.
- Retrace his marks:** A trace of a wheel of the motorcycle crosses a trace previously done with the same motorcycle after a complete loop.
- Statement of fact:** There is "Statement of fact" when an infraction to the sporting rule is noticed by an official of the Event. The statement of fact comes from an objective observation of an infraction for which the sanction is defined in the rules.
- Trace of a wheel:** The visible or non-visible mark of a wheel having touched the ground.
- Visit of Sections:** An opportunity given to identified persons and according to certain conditions permitted to visit the surroundings of the Sections before the Competition. Only the Riders will be permitted inside thesections.
- Warm-up:** Possibilities given to the Rider just before his departure for the competition to be able to warm up and heat the motorcycle in the Warm-up area.
- FIM:** The FIM CTR Bureau and/or the FIM Administration.

Any references to the male gender in this document are made solely for the purpose of simplicity, and refer also to the female gender except when the context requires otherwise.

1. FIM TRIAL WORLD CHAMPIONSHIPS AND PRIZE EVENTS

1.1 Trial Definition

1. A Trial is an Event in which the skill and consistency of the Riders form the basis of the results.
2. Sections are included within a course, where the skill of the Rider negotiating them is observed and evaluated. In addition, a time limit is set for part of, or for the whole competition. The aim for each Rider is to obtain as few penalties as possible.
3. The course may consist of cross-country terrain (minor roads, country lanes, and woodland tracks etc.).

1.2 FIM World Championships and Prize Events

1. Each year, the FIM holds FIM Trial World Championships and FIM Prize Events.
2. The FIM Trial World Championships and FIM Prize Events are organised according to the FIM Regulations, Sporting Code, Chapter 30 - “FIM World Championships and Prize Events”.

12. In the case that there are several non-ranked Riders, a ballot will be done amongst them.
13. All Riders in each class will ride the Qualification Section, one after the other, and only in the order as mentioned above.
14. The penalties will be attributed to each Rider according to article 5.19 of these Regulations. Moreover, each Rider will be timed individually from the start to the end of the Section. The consideration of this two data will represent the result of each Rider.
15. A Rider who has the smallest number of penalty points in the fastest time in his class will be considered as having the best result and in consequence the winner of this Class.
16. The second fastest Rider having the smallest number of penalty points will be classified second, on so on.
17. All Riders having the smallest number of penalties will be placed in front of any Riders with more penalty points irrespective of their time.

18. In case of unforeseen circumstances leading to cancellation or dysfunction in a class at the Qualification by Race Direction. The ranking of the previous season for the first event or the provisional standings of the current season for the following events will be used to establish the starting order of the Competition.
19. Riders who are not Qualified but are allowed to participate in the Competition by the Race Direction, will always start first in their class. If several riders are in this situation their respective initially planned start order will be used to determine the starting positions. So, the Rider having to start after the other will keep this order for the start of the Competition.

In addition to 5.12.1:

5.12.1 TDN/WTDN FIM Trial des Nations/FIM Women's Trial des Nations

20. Only one Qualification - TDN for the Trial des Nations World Championship/International Trophy and Women's Trial des Nations.
21. Team Managers must nominate two Riders to participate per Team and must specify their starting order. Both nominated Riders and their starting order must be submitted at the latest by the administrative control.
22. Qualification is compulsory. Teams who do not participate will not be allowed to start in their respective Competition. All Riders must make a bona-fide "attempt to succeed". If Race Direction deems a Rider to have failed in his "attempt to succeed" his Team may be disqualified. However, a team that would suffer a case of force majeure judged as such by the Race Direction, may request to participate in the Competition. The Race Direction will take a decision on the possible participation of the team in the competition. This decision will be effective without the Team not having the possibility to contest.

23. Race Direction with the FIM Championship Manager will nominate a section used for the purpose of Qualification - TDN which may also be used during the competition.
24. The time of Qualification - TDN will be published in the Event's Timetable.
25. Team Qualification starting order will be by ballot per class.
26. The two Riders of each team will start one after the other according to the result of the ballot and the starting order communicated by their Team Manager.
27. Qualification - TDN will start in the following order:
 - a) International Trophy;
 - b) FIM Women's Trial des Nations;
 - c) FIM Trial des Nations World Championship.
28. If one or more Riders of a team who are not Qualified but are allowed to participate in the Competition by the Race Direction, the Team will always start first in its Class. If several riders of different Teams are in this situation, the ballot will be used to determine the starting positions of the Teams. The Team with the lowest drawn number shall start first.

5.12.2 Ranking of Qualification

1. The classification of the Qualification will be used to determine the starting order for the first day of competition. The best classified Rider will start last in his class and so on.
2. In case of two days of Competition, the ranking of the first day, within each Class, will serve as starting order for the second day. The best ranked rider will start last in his class.

In addition to 5.12:

5.12 TDN/WTDN FIM Trial des Nations/FIM Women's Trial des Nations

3. The result of the best of the two riders of each team will be used to determine the starting order of the team during the Competition.

5.12.3 Ties at Qualification

1. It is considered as tie, two or more Riders having obtained the same results (time penalties) or having all made a failure.
2. If two or more Riders have a tie, their start order of this Qualification will be taken in consideration. The reverse order of their respective start in Qualification will be the one used for the Competition.

In addition to 5.12.3:

5.12.3 TDN/WTDN FIM Trial des Nations/FIM Women's Trial des Nations

Ties at the end of the TDN Qualification:

3. If both best riders of two or more teams have the same penalties and time, the result of the second riders will decide on the teams position;
4. If the result of the second rider does not make it possible to determine their positions, the ballot of the Qualification will determine their starting positions;
5. The team with the lowest drawn number in the ballot will be the winner.

5.13 Course

1. The course should be in one direction only. If, in exceptional circumstances, two-way traffic or use of the same course as the public is unavoidable, then the organiser must put in place specific safety measures. He must ensure the permanent presence of officials throughout the competition at certain points on the course and if required.
2. When the Event is held on a closed circuit, it must be possible for the Riders to complete the course (from the Paddock to all Sections and back) without the use of public roads (unless closed for general traffic with permission from the authorities and guarded by police or officials).
3. In case of Force Majeure, for safety reasons **or by necessity** the Race Direction, under the acceptance and the responsibilities of the organiser, can modify the Course.

5.13.1 Distance

1. The course will consist of 2 laps, each of a length not exceeding 20 km.
2. In the case of two days of Competition, the same course shall be used for both days.

5.13.2 Course marking

1. The course shall be marked with direction arrows
2. The directional arrow indicates to the Riders the course which they must follow.
3. All arrows must be made of waterproof material.
4. The course marking must all be completed before the visit of the Sections by the Riders.

5.14 Sections

1. To enter in a section is prohibited at any time and to any person except those mentioned in other Articles of this Regulation and under the specified conditions.
2. Sections cannot be tested on a motorcycle by any person other than the CTRS. Provided that the FIM/organiser have decided upon their perimeters and/or materialized them by signs. With the exception and in respect of point 12 of this Article.
3. Each Section shall be completely independent of other Sections and easily modifiable according to the weather conditions.
4. Sections constructed predominantly with industrially processed elements or materials should be avoided and may be refused by the Race Direction.
5. Each Section shall have signs clearly identifying the location of both the “Section Begins” and “Section Ends”. Each Section must also be clearly numbered in consecutive order.
6. The Section marking must all be completed before the visit of the sections by the Race Direction/visit of the sections by the Riders.
7. The “gates” will be placed at all areas where the width of the Section is reduced. Each gate must be indicated on the right and left 2 arrows of the same colour. The minimum width between these “arrows” is 120 cm but can be reduced to 60 cm in certain conditions requiring such a measure. The Riders must follow the corresponding coloured gates of their class.

8. The Competition gates will be:
 - Red for the FIM Trial World Championship “TrialGP”;
 - Blue for the FIM Trial2 World Championship “Trial2”;
 - Green for the FIM 125cc Trial World Championship “Trial125”;
 - Purple for Women’s World Championship “TrialGP Women”;
 - Yellow for the Women’s World Cup “Trial2 Women”;
 - Green **with black background** for Trial-E Cup
 - Red for FIM Trial des Nations;
 - Blue for FIM Trial des Nations - International Trophy;
 - Purple for FIM Women’s Trial des Nations.
9. The Riders must pass between each and every pair of gates of their class.
10. Tapes serve to delimitate the periphery of the Section and the enclosure. In certain circumstances they can serve as limits inside a Section to the riders and their motorcycle during their evolutions. The width between the tapes should generally be 2 meters but some circumstances may require a minimum distance of 80 cm between two tapes. In the case of these tapes concern one single class, it is recommended that these tapes have the same colour as the arrows of this class.
11. If any gate/tape/marker or stake is broken or removed or damaged then it must be replaced before the next Rider enters the section. The Clerk of the Course must ensure that there is an additional supply of tape/gates and equipment available at each Section.
12. For television purposes and at the request of the FIM Championship manager, the FIM and/or Race Direction may accept the presence of a person on a motorcycle. To be allowed within all or part of the Qualification and/or a normal section at the latest the day before the Event. Limited to a maximum of four sections, including the Qualification Section. The name of the person and the selected sections decided upon to be used for these purposes, must be officially communicated. Under no circumstances may this person be a competitor participating in the Event.

5.14.1 Security and level of the Sections

1. Before the Event, the CTRS and the Race Director have all powers for the validation of Sections.
2. They will take a decision concerning the level of difficulty as well as the safety and length of all Sections. Their decision is final and all modifications must be carried out immediately.
3. In case of Force Majeure or if it is considered that a Section is too difficult and/or dangerous and that the conditions do not allow for modification, it may be cancelled.
4. A minimum of half plus one of the number of Sections must be ridden by all Riders in each of their respective classes/categories for the results to be validated.

5.14.2 Number of Sections

1. The number of Sections for all Championships and Prizes will be **12** with **2** laps. Each day of competition will consist of **24** sections in total **unless the Race Direction decides otherwise.**
2. Sections must always be ridden in numerical order, except for cases stated on article 5.13 Course. Sections could be ridden in a different order under the decision of the Race Direction. Only Race Direction can permit a change of the numerical section order.

In addition to 5.14.2:

5.14.2 TDN/WTDN FIM Trial des Nations/FIM Women's Trial des Nations

3. The number of sections will be **15** with **2** laps. Each day of competition will consist of **30** sections in total unless the Race Direction decides otherwise.

5.14.3 Modification or cancellation of Sections

1. If, during the Competition, a section has been modified for any reason whatsoever, before, during or after the passage of one or more riders of the same class, the Race Direction will decide if this modification will allow or not, to validate the results of all Riders of this Class in this Section and then decide to modify or abandon this Section for the current and/or the following round.
2. If, during the Competition, it is found necessary to abandon a Section owing to “force majeure” before all Riders have passed through it, then no penalties shall be incurred in this Section by any Rider.
3. If there are Riders in the queue for this Section, then the queue should be formed in the same order at the next Section. The total time for the Event shall not be modified in the Event of any Section being abandoned during the Trial.
4. Sections may be modified during the same Competition by Race Direction.
5. Information regarding modified sections must be communicated to the Riders.

5.14.4 Observation in a Section

1. Sections are controlled by the Section Observers present.
2. Before the start of a Rider in the Competition:
 - Access to the Sections must comply with Art. 5.6 “Visit of the Sections”.
3. Between the start of a Rider in the competition and his arrival:
 - The Rider can access at all times within the Section unless the Chief Section Observer does not permit him access.
 - Only the corresponding numbered Rider’s Assistant can enter the Section if the Rider is about to enter (first position on the Corridor) and or is riding the Section and always only after asking for permission from the Chief Section Observer. No other persons are allowed inside.
4. Entering the Section:
 - A motorcycle is considered as having entered a Section from the time his front wheel spindle has passed the fictitious line between the two “Section begin” signs. The front wheel must precede the rear wheel at all times.
5. Exiting the Section:
 - A motorcycle is considered as having exited the Section from the time his front wheel spindle has passed the fictitious line between the two “Section end” signs. The front wheel must precede the rear wheel at all times.
6. Leaving the Section before the “end of Section”:
 - A Rider who fails in a Section must leave the Section as indicated by the observer.
 - If conditions permit the chief Section Observer may allow the Rider to continue riding the same Section after having failed.

7. Obstruction:

- An obstruction is deemed to have occurred when a Rider, whilst attempting an observed Section, is prevented from making a bona-fide attempt due to some unauthorised obstruction. Should a Rider claim obstruction, only the chief section observer may, at his discretion, allow a re-run of the Section. The chief section Observer's decision is final as to whether a re-run is permitted.
- Should a re-run be granted, then the Rider shall complete the full Section.
- Any penalty points lost prior to the point of obstruction during the original attempt will stand. These penalties will be added to any new penalties lost during the re-run, from the point of obstruction onwards to the end of the section.

5.14.5 Section corridor

1. An "Entrance corridor" shall be provided just ahead of the "Section Begins" signs of each Section. It shall be controlled by a Section Observer.
2. The "entrance corridor" shall allow at least two Riders when they are ready to enter the sections to wait in a queue with their **motorcycles**.
3. To enter a Corridor, priority is given to a Rider in relation to another considering the following rule:
 - A Rider of the 1st lap has the priority over a Rider on his second lap; a Rider on the 2nd lap has priority over a Rider of a 3rd lap
 - This is with respect of Art. 2.10;
 - The Assistant must never interfere in this situation.
4. A "Security Area" must be created just after the "end of Section" panels of each Section and be controlled by a Section Observer.
5. This "Security Area" must allow the Rider to exit the Section without obstruction and have a free space to record his score.

5.14.6 Section Enclosure / Team Enclosure

1. A section enclosure must be provided outside the perimeter of the Section from the start of the “entrance corridor” until the end of the Section. It may be controlled by an official and/or Section Observer. The boundary must be taped outer limit of this section enclosure will form a “barrier” from those persons working and the public.
2. Only the Riders, the Assistants, the members of the Race Direction and the press are permitted within the perimeter of the section enclosure.
3. All yellow bib wearers are permitted to enter into the team enclosure, the boundary of which will be marked and defined with yellow tape.

5.14.7 Tablet Operator Enclosure

1. A section enclosure must be provided outside the perimeter of the Section at the exit of the Section.
2. it is compulsory for the riders to visit the operator in this enclosure in order to present their tag to the tablet operator.
3. The tablet operator must be present in the enclosure at all time. He will input the score of the rider in the tablet after presentation of the rider’s tag.

5.15 Time Control and Allowance

5.15.1 Time Control

1. **All times will be taken in Hour(s), Minute(s) and Second(s).**
2. An electronic time control system will be used to register the start and finish of the Rider at the TC point.
3. Time Control will be referenced as “TC”.
 - a) TC01 - First lap start
 - b) TC12 - First lap finish
 - c) TC13 - Second lap start
 - d) TC24 - Second lap finish

4. All Riders will only be allowed to start on their allocated TC **start** time.
5. After crossing the electronic control system the Rider's time is recorded (hh/mm/ss) by the Official Timekeeper.
6. Starting times for the Competition will be published after Qualification.
7. For Time Control penalties see Article 5.19.1.
8. Riders must accept any type of timekeeping system approved by the FIM.
9. **The Times for the Start and Finish of each Lap are generally taken on the Start / Finish Podium but the Race Direction may decide to shift them to another location. In this case, each Rider must nevertheless appear on the Podium for their Start and Finish in accordance with the instructions of the Race Direction.**

5.15.2 Individual time allowances

1. The lap time allowance will be as follows:
TC01 to TC12 = 2h30'
