If a rider with permanent residence outside the territory of Slovakia applies for a licence for the World Championship/ Cup or European Championship/Cup for the first time, he/she is according to the FIM regulations obliged to request the FMN of his home country to issue a rider´s release. Without receiving this release, the FIM / FIM Europe licence in question will not be issued and the application will be rejected. From the 2024 season onwards, it is not necessary to submit a release with the application for an international licence - see FIM Sporting Regulations Art.70.2.1

From the 2025 season, rider licenses are only sent by e-mail to applicant´s e-mail address in PDF format. After the applicant sends a complete application form and makes relevant payment of the licence fee, the licence will be sent to his/her email address. SMF International licences are issued in two different ways, the SMF licence in pdf format + the FIM online licence for events open to foreign participation. The procedure for issuing an online FIM license: after submitting an application, the SMF will order this license in the FIM licence system, the FIM will send the required documents to the email address of the applicant. The documents must be electronically signed (link in the email received from FIM). Once the documents have been electronically signed, the FIM will send the relevant licence electronically (by e-mail) to the rider. The rider saves the licence on

his/her mobile phone or prints it in pdf format. For categories and classes for which the FIM online system does not issue international licences, the SMF will only issue an online SMF "A - International" licence, which includes the start permission. These are the road racing youth, vintage and MX50 licences.

SMF LICENCE TYPES:
