STATUTES

1. HISTORY

¹ Founded in 1904 under the name of Fédération Internationale des Clubs Motocyclistes, the Fédération Internationale de Motocyclisme is an international organisation which was created to control and develop the sporting and touring aspects of motorcycling and to assist motorcycle users in those fields.

² On 15 September 1904, an international race was organised in France with participation from Austria, Denmark, France, Germany, and Great Britain. The race was won by France, but disputes arose over the racing conditions.

³ As a result, the sports authorities of the five countries represented joined together and put forward the idea of creating the Fédération Internationale des Clubs Motocyclistes (FICM). The birth of this Federation on 22 December 1904 in Paris was, however, premature. In July 1906, at a meeting in Pacov, Bohemia, on the occasion of the “International Cup”, the delegates of the participating countries - Austria, France, Germany and Great Britain - unanimously decided to dissolve the FICM.

⁴ Five years later, the Auto-Cycle Union of Great Britain took the initiative of calling a meeting which was held at Olympia in London on 28 November 1912. The Marquis de Mouzilly St-Mars was elected Patron and the Honourable Sir Arthur Stanley MP President.

At the meeting, delegates from Belgium, Canada, Denmark, France, Great Britain, Italy, the Netherlands and the United States were present. As a result of the meeting, the FICM was re-established in order to control and develop the sporting and touring aspects of motorcycling and to assist motorcycle users in those fields.

⁵ In 1929, the FICM was registered on a list published by the League of Nations as one of the international organisations dedicated to sport and tourism.

⁶ In 1937, an agreement was drawn up by the FICM and the AIACR (the International Association of Recognised Automobile Clubs) defining their relationship and ensuring very close collaboration between both organisations.

- ⁷ In 1949, the FICM became the Fédération Internationale Motocycliste (FIM) and in January 1959, the headquarters of the FIM were transferred from England, where the FIM had been located since its re-founding in 1912, to Switzerland.
- ⁸ In 1951, the FIM was recognised by the Union of International Associations as a non-governmental international organisation. Since 1959, the FIM has been a member of the Federation of Semi-Official and Private International Institutions based in Geneva (FIIG).
- ⁹ In 1967, the FIM became a founding member of the General Association of International Sports Federations (GAISF).
- ¹⁰ In 1984, the FIM became a member of the International Council of Sport Science and Physical Education (ICSSPE).
- ¹¹ In 1994, the FIM became a member of the European Transport Safety Council (ETSC).
- ¹² In January 1998, the FIM was granted, on a provisional basis, the status of Recognised Federation by the IOC.
- ¹³ In May 1998, it became a member of the Association of the IOC Recognised International Sports Federations (ARISF).
- ¹⁴ In 1998, it was renamed Fédération Internationale de Motocyclisme and the CONUs were created.
- ¹⁵ In September 2000 during Olympic Games in Sydney, the FIM was granted the official status of a Recognised Federation by the IOC.
- ¹⁶ In 2001, the FIM became an Affiliate Member of the World Tourism Organization (UNWTO).
- ¹⁷ In October 2003 the FIM approved the Anti-Doping Code in accordance with the World Anti-Doping Code of the World Anti-Doping Agency (WADA).
- ¹⁸ In 2006, the FIM signed the Declaration of Brighton on women and sport.
- ¹⁹ In December 2006 a Memorandum of Cooperation between the FIM and the United Nations Environmental Programme (UNEP) was signed.

2. EMBLEM

¹ The four-colour process of the FIM emblem consists of a blue disc in the centre of which are inscribed the initials FIM in white characters. The disc, backed against a stylised cylinder, is supported by wings in a metallic grey colour. A stylised laurel wreath in the same colour decorates the lower part of the disc.

² The motto of the FIM in Latin is “Pro Virtute et Scientia” which refers on the one hand to human courage and talent and on the other hand to scientific and technological progress, the alliance of which has forged motorcycling.

³ The FIM emblem, the FIM motto and the emblem of each CONU are the property of the FIM. All intellectual property rights in the FIM emblem, FIM logo and the emblem of each CONU vest in the FIM.

⁴ The FIM emblem and FIM motto may not be used by any party including but not only any Member without the prior written approval of the BD. The BD may grant or withhold its approval in its absolute discretion and may impose conditions on any approval granted as it considers appropriate or necessary. Any approved use must also be in accordance with such guidelines as may be developed and prescribed by the BD from time to time. The emblem of each CONU may only be used by the relevant CONU unless otherwise approved by the BD. Any approved use (including by the CONUs) must be in accordance with such guidelines as may be developed and prescribed by the BD from time to time.

3. AUTHORITY

¹ The FIM is an international organisation acting in all matters connected with motorcycling activities and, as such, is active in domains as varied as sport, touring, the environment, mobility, road safety, legal affairs, and the protection and defence of the rights and interests of motorcycle users.

² As far as motorcycle sports are concerned, the FIM is the supreme and sole international authority empowered to control international motorcycling events organised under its jurisdiction throughout the world, and as such acts as the supreme court for the settlement of disputes which may arise from the organisation of such activities, save those cases that may be submitted to the CAS.

³ The official titles of World Championships, Continental Championships - except those organised under the authority of the CONUs that have been recognised by the FIM - and FIM Prize Events are the exclusive property of the FIM in all disciplines of motorcycling sport. Consequently, the FIM can adopt whatever rules it deems necessary for the organisation of events in connection with these titles.

⁴ The FIM is the sole owner of all television, radio, video cassette, sponsoring, marketing, advertising, merchandising, promotion, licensing and any other rights for the World Championships, Continental Championships and FIM Prize Events.

The legal status of the FIM is subject to Swiss law which is the only applicable law.

² The FIM is politically, economically and administratively independent. It shall allow no political, religious, sexual or racial discrimination.

5. ARBITRATION CLAUSE

¹ Final decisions handed down by the jurisdictional bodies or the GA of the FIM shall not be subject to appeal in the ordinary courts. Such decisions must be referred to the Court of Arbitration for Sport (CAS) which shall have exclusive authority to impose a definitive settlement in accordance with the Code of Arbitration applicable to sport.

² The place of litigation for any legal action against the FIM that is not covered by the arbitration clause mentioned in paragraph 1, is the competent Tribunal of the Canton of Vaud.

8. OFFICIAL LANGUAGES

¹ The official languages of the FIM are English and French. All official documents shall be drawn up in both languages. All other FIM publications shall, whenever possible, be drawn up in both languages.

² At meetings of the GA and the BD, simultaneous interpretation into the official languages is provided. The BD may decide to provide simultaneous translation into a maximum of three additional working languages. All costs thus incurred shall be borne by the FIM. However, upon request, the FIM may provide consecutive or simultaneous interpretation for one or several non-official languages in other meetings. The cost incurred will be borne by the parties requiring these additional services.

³ If disputes arise regarding the interpretation of the FIM documents and publications, or if there are any discrepancies between the two official texts, the English text shall prevail, unless it is specifically stated that for certain documents the French text prevails.

9. FINANCIAL RESOURCES

The financial resources of the FIM are primarily:

- a) Income derived from activities carried out in accordance with the decisions of the GA and/or the BD;
- b) Income derived from the investment of its capital;
- c) Grants or subsidies from public or private parties;
- d) Admission fees and membership fees paid by Affiliated Members (FMNs) or Associated Members and any institutions connected with, or recognised by, the FIM;
- e) Fees for sanctioning events and registering events in the FIM calendar;
- f) Fees for issuing and granting licences;
- g) Royalties derived from the sale or licensing of television and radio broadcasting rights, electronic and interactive gaming rights, new media rights and social media (whether current or future) including but not only internet rights, video cassettes and all other recordings (by whatever medium) of FIM sanctioned or controlled Motorcycling activities, sponsoring, marketing, advertising, merchandising, promotion, licensing, betting and any other rights owned by the FIM including but not only rights linked to intellectual property and homologation rights.

10. FINANCES

- ¹ The financial year of the FIM shall be the same as the calendar year.
- ² The BD shall draw up rules governing the management of the FIM finances, as well as the financial procedures and regulations.
- ³ Three internal auditors, elected by the GA and assisted by an external firm of chartered accountants appointed by the BD, shall be responsible for the annual audit of the FIM accounts. They shall present their annual reports to the GA.

11. MEMBERSHIP

The FIM is composed of:

- a) Affiliated Members (FMNs);
- b) Associated Members;
- c) Honorary Members;
- d) Members of Honour.

11.1 Affiliated Members (FMNs)

11.1.1 Definition

- ¹ National federations which, in the opinion of the FIM, are representative of and exercise effective control over motorcycling activities in their own countries (including motorcycling sport and acting as the national advocate for motorcycling in their countries) may be accepted as Affiliated Members of the FIM.
- ² All nations that have recognition from the United Nations (UN) and/ or the International Olympic Committee (IOC) may be a member of and/or represented in the FIM, but each by only one FMN.
- ³ Each Affiliated Member of the FIM automatically becomes a member of the CONU corresponding to the geographical region of the country.

11.1.2 Powers of FMNs

Every FMN accepted as an Affiliated Member of the FIM shall be the sole organisation in its own country entitled to exercise the powers of the FIM as defined in the Statutes, the By-Laws, the Sporting Code and the regulations of the FIM. Every FMN has the right to exercise these powers as long as it has not resigned or been suspended, expelled or dissolved. Subject to these Statutes every FMN has the right to participate in the meetings of the GA with the right to vote in accordance with Art. 12.

11.1.2 bis Duties and roles of a FMN

- ¹ The duties and roles of a FMN include the following:
 - a) be the “local” representative of the FIM and be accountable to the FIM while advancing the goals of the FIM at the national level;
 - b) encourage and promote new opportunities for sport, tourism, leisure, road safety and mobility in motorcycling at the national level;
 - c) promote motorcycling, both as regards sport and motorcycling in general;
 - d) help its members to improve their skills and develop economically at the national level;
 - e) cooperate with the FIM in all matters relating to the organisation of international events and motorcycling in general;
 - f) provide the FIM, upon request, with reports and detailed information on its activities.

11.1.2 ter Rights and obligations of a FMN

- ¹ In accordance with the FIM Statutes, the FMN works within its attribution towards the fulfilment of the following rights and obligations, inter alia:
 - a) commit to the FIM mission, vision and values and ensure its activities are compatible with the FIM mission, vision and values;
 - b) comply and enforce compliance by its members and licence holders, with the FIM Statutes, By-Laws and decisions (as regularly amended even after admission as a member);
 - c) exercise any other right that may be conferred on it by a decision of the BD or by the GA of the FIM. Any such decision shall spell out in detail the manner in which such a right shall be exercised and in particular the duration for which the right has been granted. A FMN has the right to exercise the rights delegated by the FIM as long as it is recognised by the FIM.
- ² The FIM can exclude a FMN that does not fulfil its obligations according to the FIM Statutes and By-Laws.

³ The FIM may interrupt the administrative services (e.g. issuing of licences) provided by the FIM and/or cancel and demand reimbursement of up to the three last amounts paid as subventions and/or contributions as set out in Article 5 of the Financial Regulations to a FMN that does not fulfil its obligations according to the FIM Statutes and By-Laws.

11.1.3 Procedure for the affiliation of FMNs

¹ The procedure for the consideration of applicants for Affiliated Member of the FIM and of the relevant CONU will be regularly determined by the BD and set out in the FIM By-Laws (as regularly amended).

11.1.4 Admission fees and membership fees

¹ To become an Affiliated Member of the FIM and of the relevant CONU, a FMN must pay a unique admission fee, the amount of which shall be set by the GA on a proposal from the BD.

² All FMNs shall pay the FIM annual membership fees decided by the GA on a proposal from the BD. Annual membership fees are payable on 1 January of the year for which they are due.

³ The FIM membership fees include the fees allocated for membership of a CONU.

⁴ The admission fee is payable at the same time as the payment of the first annual membership fees.

11.1.5 Loss of membership

11.1.5.1 Resignation

The resignation of an FMN shall be accepted and effective as of the end of the calendar year, if it is notified to the FIM by registered letter with six months' notice.

11.1.5.2 Suspension

¹ Non-payment of membership fees and/or FIM service charges by the required date as laid down in Article 4.3 of the Financial Regulations (FR) shall lead to immediate suspension of the rights to all FIM and/or CONU services until full settlement of the outstanding amount has been received.

² FIM and CONU services are considered in particular the delivery of FIM licences, the registration of International Meetings, FIM World Championships and Prize Events and the allocation and payment of grants and contributions.

³ If an FIM World Championship or Prize Event or an International Meeting crosses the territory of a suspended FMN, the FMNR must obtain the prior written authorisation from the BD at least two months before the start of the Event.

11.1.5.2 bis Withdrawal and delegation of an FMN's sporting power

¹ In case of urgency and as a protective measure, after giving the FMN concerned the opportunity to communicate its justifications in writing and/or orally if it so wishes, the BD may withdraw the sporting power of an FMN which, in the BD's opinion, is no longer able to exercise its prerogatives as explicitly described in Article 11.1.5.3 paragraph 1 a). Such withdrawal may only be decided upon provisionally until the next GA.

² If an FMN's sporting power is withdrawn, the BD may temporarily delegate this sporting power to another entity until the next GA.

11.1.5.3 Expulsion

¹ An FMN may be expelled following a resolution adopted by the GA on a proposal from the BD or an FMN:

- a) If it either fails in its duty as a member or if it acts contrary to the aims of the FIM or contrary to its membership rights and obligations expressly referred to by or in these Statutes, the By-Laws or any other FIM regulations or the rights of another FMN or if it does not represent the interests of motorcycling in its own country efficiently;
- b) If it fails to pay its debts to the FIM and/or the relevant CONU within a maximum period of two years after receiving a demand for payment by registered letter;

² Any proposal to expel an FMN shall be examined first by the BD which can take the decision to initiate an expulsion procedure. After giving the FMN concerned the opportunity to communicate its observations in writing and/or orally if it so wishes, the BD may:

- a) Make local inquiries in the country of the FMN concerned;
- b) Make further inquiries about the documents at its disposal;
- c) Recommend that the GA expel the FMN if it is of the opinion that the latter does not meet the requirements for FIM membership.

11.1.5.4 Dissolution

Dissolution of a FMN entails loss of all its membership rights, whatever the cause of the dissolution.

11.1.6 Effects of loss of membership

¹ FMNs that have resigned or that have been expelled or dissolved lose their membership status.

² Loss of membership during the calendar year does not release an FMN from any possible commitments it may have towards the FIM until the end of the calendar year, nor from the full payment of the membership fees for the year in question. Loss of membership does not confer any rights to the assets of the FIM.

³ A former FMN who has lost its membership of FIM for whatever reason under Art. 11.1.5:

- a) Must seek renewal or re-apply for membership in accordance with these Statutes, and
- b) May be re-admitted at the discretion of the GA upon recommendation of the BD.

The GA may accept or reject a re-application for, or renewal, of membership in its absolute discretion, and shall not be required or compelled to provide any reason for such acceptance or rejection.

11.2 Associated Members

11.2.1 Definition

An international or a national motorcycling organisation in a country which, in the opinion of the FIM is representative of and conducts motorcycling activities in its country, may be accepted as an Associated Member of the FIM. Approval of the relevant FMN is also required for national motorcycling organisations. Such organisations must be one of the following:

- a motorcycling industry body;
- an international rider and/or team organisation;
- a motorcycling event promoter;
- a media organisation or
- an international non-government organisation.

The terms of which may be further defined in the FIM By-Laws.

11.2.2 Terms and conditions of Associated Membership

¹ The procedure for the consideration of applicants for Associated Membership will be regularly determined by the BD and set out in the FIM By-Laws (as regularly amended).

² The terms and conditions of Associated Membership including but not only fees and loss of membership will be regularly determined by the BD and set out in the FIM By-Laws (as regularly amended).

11.3 Honorary Members

¹ On a proposal from the BD and in recognition of services rendered, the GA may award the title of honorary member to individuals who have occupied a position within the FIM. The title of honorary member must be connected with the position held in the FIM body in which those services were rendered.

² The holder of an honorary member title may attend the GA and the open meetings of the body for which they have received the title of honorary member, but they do not have the right to vote. However, they can be nominated by their respective FMN as voting delegates at the GA.

- ³ The holder of an honorary member title may not be a candidate for a post within the same body in which he was a member before the honorary title was awarded to him.

11.4 Members of Honour

- ¹ The GA may, on a proposal from the BD, award the title of Member of Honour upon an individual or corporate body outside the FIM in recognition for important services rendered to the FIM or to motorcycling activities in general.
- ² Members of Honour may attend the GA, but without the right to vote.

12. THE BODIES OF THE FIM

The bodies of the FIM are the following:

- The General Assembly (GA);
- The Board of Directors (BD);
- The Executive Board (EB);
- The Internal Auditors;
- The Administration (ADM);
- The Continental Unions (CONUs);
- The Commissions;
- The Bodies established by contract between the FIM and its promoters;
- The International Disciplinary Court (CDI);
- The Arbitration and Advisory Tribunal (TAC).

12.1 The General Assembly (GA)

- ¹ The GA is the supreme authority of the FIM. It may approve, reject, alter or postpone any proposal submitted after taking into account the interests of the FIM and its own general policy. Deliberations and discussions take place in accordance with the procedures laid down in these Statutes.

Unless the GA decides otherwise, decisions enter into force immediately.

- ² The ordinary GA shall take place once a year at such date, time and location as will be determined by the BD upon recommendation of the ADM.

- ³ The BD may convene an extraordinary GA if it deems this necessary.

- ⁴ The BD must convene an extraordinary GA if at least one-fifth of the FMNs submit such a request with supporting arguments.

12.1.1 Participation

Participants at the GA are:

- a) Voting delegates and other persons who have been designated by the FMNs to attend a particular GA, subject to a maximum of three per FMN;
- b) Honorary Members and Members of Honour appointed under Arts. 11.3 and 11.4;
- c) A maximum of two representatives from each Associated Member;
- d) Members of the BD;
- e) Any other person(s) authorised by the President of the FIM to attend the GA.

Only those persons in Arts. 12.1.1 a) are entitled to speak and debate at the GA as of right. Those persons in Arts. 12.1.1 d) and e) may only speak and debate with the leave of the President. No other persons are entitled to attend the GA unless invited by the President.

12.1.2 Voting rights

- ¹ Only FMNs have the right to vote.
- ² Upon acceptance as a member of the FIM, each FMN has the right to one vote at the GA.
- ³ Votes may only be cast by a single delegate who shall be a member of the FMN and officially nominated as a voting delegate by a senior official of the FMN he represents. The registration form for the voting delegate may include a first deputy delegate and a second deputy delegate and must be duly signed and stamped by the president and a senior official of the FMN concerned. Legally recognized electronic signatures of the competent persons are accepted and replace the original signatures and the stamp of the FMN concerned.

Should the registered voting delegate be prevented from attending the General Assembly at a late stage for reasons of force majeure or illness, the first deputy delegate takes the place of the voting delegate. Should the first deputy delegate be unable to attend, the second deputy delegate would become the voting delegate.

⁴ An FMN can only exercise its voting right(s), if all of its due debts to the FIM have been fully paid before the due date.

⁵ Voting by proxy is not allowed.

⁶ Any proposal which has been accepted in writing by all the FMNs shall be considered as equivalent to a decision of the GA. Such decisions shall be the subject of an immediate official communication from the ADM.

12.1.3 Notice of meetings

A written notice to attend an ordinary GA shall be sent at least 90 days before the date of the GA. At least 30 days' notice must be given prior to an extraordinary GA.

12.1.4 Agenda

¹ The Agenda of the ordinary GA shall notably include the following points:

- a) Verification of the composition of the GA;
- b) Approval, where appropriate, of the Minutes of the preceding GA;

- not derogate from these rules except with the agreement of the BD, and
- complete and provide, at the request of the FIM, an annual statement which demonstrates:
 - a) the level of activity within the candidate organisation, and
 - b) that it continues to be in compliance with FMN membership criteria.

g) Copies of:

- minutes and financial statements from the past annual meeting(s) of members, and
- minutes from the previous year's board (or other governing or managing body) meetings (if applicable).

² All the above documents must be written in one of the official languages.

³ All applications for membership of the FIM shall first be examined by the BD which, before submitting the request to the GA for approval, may make any other inquiry it deems necessary to establish whether the candidate meets the requirements for FIM membership.

⁴ When any application for affiliation is submitted to the GA for approval, the BD has the possibility to formulate a recommendation to the GA.

⁵ Affiliation of an FMN shall be effective on 1 January of the year following its acceptance by the GA, but only after the FMN has paid the admission fee and the annual membership dues.

⁶ To remain an Affiliated Member of the FIM, an FMN must submit to the ADM, at such times as directed by the BD, a statement of compliance. Such statement will be in such form and requiring such information as is regularly prescribed by the BD but may include the following:

- a) Any changes made to the FMN's Statutes and By-Laws;

⁷ With a view to possible admission effective on 1 January of the following year, a complete application must in all cases be submitted to the ADM by 30 June of the current year at the latest. Unless this deadline and this condition (complete application) are respected, the candidate's application will not be taken into account by the ADM and the BD before the following year, unless the BD decides otherwise.

⁸ No application for affiliation of a candidate will be submitted to the GA for approval as long as the FMN of the country of the candidate is not subject to an exclusion procedure within the meaning of Article 11.1.5.3 of the FIM Statutes.

2) Procedure for the consideration of Associated Members

¹ To be considered for Associated Membership, an applicant organisation must send to the ADM an application together with:

- a) Two copies of its own statutes and By-Laws which must demonstrate that it is an incorporated entity or otherwise recognised by the law of its country;
- b) A summary of its past and present activities;

 - not to derogate from these rules except with the agreement of the BD.
- g) A copy of its most recent set of financial statements;
- h) Written evidence that it:
 - is national in scope if a motorcycling touring organisation;
 - is international in scope if an international non-government organisation, and
 - is a credible and respected advocate of motorcycle users with public authorities and media in its country.

² All the above documents must be written in one of the official languages.

³ All applications for Associated Membership shall be considered by the BD. Where the applicant is merely a national organisation the approval of the relevant FMN is required. The BD may make any other inquiry it deems necessary to establish whether the applicant organisation meets the requirements for FIM Associated Membership. The BD will then determine to approve or reject an application.

⁴ The BD may reject any application if it is of the opinion that the applicant organisation does not meet the requirements for FIM Associated Membership.

⁵ Affiliation of an Associated Member shall be effective on 1 January of the year following its acceptance by the BD, but only after it has paid the admission fee and the annual membership dues.

3) Associated Members - Admission fees and membership dues

¹ To become an Associated Member of the FIM, an applicant organisation must pay an admission fee, the amount of which shall be set by the BD.

² All Associated Members shall pay the FIM annual membership dues decided by the GA on a proposal from the BD. Annual membership dues are payable on 1 January of the year for which they are due.

³ The admission fee is payable at the same time as the payment of the first annual membership dues.

4) Associated Members - Loss of membership

¹ The resignation of an Associated Member shall be accepted and effective as of the end of the calendar year, if it is notified to the FIM by registered letter with three months' notice.

- b) Make further inquiries about the documents at its disposal;
- c) Resolve to expel the Associated Member if it is of the opinion that the latter does not meet the requirements for FIM membership.

⁵ Dissolution of an Associated Member will automatically result in the loss of all its membership rights, whatever the cause of the dissolution.

5) Associated Members - Effects of loss of membership

¹ Associated Members that have resigned or that have been expelled or dissolved lose their membership status.

² Loss of membership during the calendar year does not release an Associated Member from any commitments it may have towards the FIM until the end of the calendar year, nor from the full payment of the membership dues for the year in question. Loss of membership does not confer any rights to the assets of the FIM.

III. ORGANISATION OF THE GENERAL ASSEMBLY (GA)

¹ Sixty days before the date of the GA the ADM shall advise FMNs of all vacant elective positions.

² Each FMN may present only one candidate for each vacant elective position. In the case of election of members of the Board of Directors, each FMN may present only one candidate irrespective of the number of vacant elective positions.

³ Candidatures must be sent by registered letter, facsimile or electronic message signed by and/or emanating from the President or the secretary general of the FMN. The list of candidates shall be closed 30 days prior to the beginning of the GA.

⁴ The list of candidates shall be sent to the FMNs shortly after this closing date.

⁵ Each application will be examined by the FIM Ethical Chamber. The composition of the FIM Ethical Chamber and the scope of its missions in the context of the examination of candidatures are provided for in the FIM Code of Ethics.

2) Procedure applicable to elections

¹ Independent tellers shall be appointed by the GA to supervise the running of the elections and to count the ballot papers.

² In all elections voting shall take place by secret ballot.

³ Ballot papers shall only be deemed valid if they do not contain more names than there are positions to be filled, nor any names other than those of the official candidates.

⁴ Blank or void ballot papers or any other form of abstention shall not be taken into account when counting the total number of votes cast.

⁵ To be elected President of the FIM, an absolute majority of the votes cast (50% of the votes cast + 1 vote, rounded up to the next highest whole number) must be obtained.

Single candidate for the Presidential election: when a single candidate is standing for the FIM Presidency, the nominal vote cannot be applied. In this specific case, each voting delegate shall have the choice to vote yes/no or blank. If the position of President has not been filled after the first round of voting, there shall be no second round of voting. A new Presidential election shall be held within the six following months. During this period, the Deputy President of the FIM shall be the acting FIM President. Should the Deputy President be unable to fulfil this role, the Vice-President shall be the acting FIM President.

Two or more candidates in the Presidential election: if there are two or more candidates, the nominal vote shall apply. If the position of President has not been filled in the first round, the two candidates with the highest number of votes will take part in the second round.

⁶ To be elected as a member of the BD or as an Internal Auditor, an absolute majority of the votes cast must be obtained on the first ballot (50% of the votes cast + 1 vote, the number obtained being rounded up to the next whole number). On the second ballot, a majority of equal or greater than 40 % of the votes cast shall suffice. Candidates for whom the most votes are cast shall be elected.

In the case of a single candidate per vacant position(s) as a member of the BD or as an Internal Auditor, the nominal vote cannot be applied. In this specific case, each voting delegate shall have the choice to vote yes/no or blank.

In the case of multiple candidates per vacant position(s) as a member of the BD or as an Internal Auditor, the nominal vote shall apply. Each voting delegate shall indicate the name of the candidate for whom they wish to vote.

⁷ Subject to By-Law X.2)⁹ in the event of a tied vote, the longest serving candidate in the office applied for shall be elected or if there is no such candidate then the longest serving candidate in another FIM office shall be elected.

⁸ If the number of remaining candidates is higher than the number of vacant position(s) after the previous round, the number of candidates participating in the next round shall be determined according to the highest number of votes they have obtained and shall be equal to the number of vacant position(s) plus one.

If the number of candidates is equal or less than the vacant positions after the previous round, all candidates shall take part in the next round.

⁹ Unless there are two new candidates for an office, there shall be no third round of voting and the remaining position(s) shall remain vacant. Where there are two new candidates for an office and voting is still tied after two ballots, a third round of voting will be carried out.

¹⁰ Any position which fell vacant before a period of office has ended or which remained vacant from a previous election shall be filled at the following GA for the remainder of the period of office.

However, posts with different duration of office are allocated in descending order of votes received.

3) BD Meetings

¹ The BD shall meet whenever necessary but not less than quarterly each year. It is convened by the President. However, at the request of not less than one third of its members, it must be convened by the CEO within twenty days of the request. If the President so decides, the BD may hold its meetings in the form of telephone or video conferences or arrange for a decision to be made by alternative means.

² As a rule, the BD meets in closed session. However, when the subject under discussion directly concerns an FMN, a delegate of the FIM or an Associated Member, the BD may allow the relevant party to attend or to send a representative in order to present its case. Third parties may also be invited by the BD to attend the meetings whenever this may be required.

³ The President draws up the agenda. Each member of the BD is entitled to propose agenda items, on the condition that they are transmitted to the ADM before the mailing of the agenda to the members of the BD.

⁴ The attendance or otherwise of the Directors of Commissions will be decided by the CEO depending upon the agenda of the relevant meeting. Internal Auditors shall attend and take part in all ordinary meetings of the BD and may be invited to take part in extraordinary meetings. The Directors of Commissions and Internal Auditors do not have the right to vote at BD meetings. The Directors of Commissions may speak and debate at meetings only with the leave of the chair of the relevant meeting.

⁵ All members of the BD must be accessible by email and must commit to meetings and timely responses.

4) Decisions

All members of the BD excluding the CEO have one vote on any decision. A decision shall only be considered valid if it is accepted by the majority of the voting members of the BD present. In case of a tie, the President shall have the deciding vote.

5) Signature

1 General

1.1 Management and financial planning

The financial and administrative activities are mainly governed by the following management and financial planning tools:

- Long-Term Financial Plan
- Annual operating budget
- Annual investment budget
- Financial projections to 31 December of the current year, revised quarterly
- Financial statements with budgetary comparison
- Sales statistics

1.2 Accounting standards

The standards of presentation of the accounts adopted by the FIM are those applicable to reserve funds. Under these standards, the required resources for the realisation of the different objectives are classified, for the needs of accounting and the drawing up of financial statements, in distinct reserve funds according to their nature and aim.

1.3 Management of transactions denominated in foreign currency

The Swiss franc is the reference currency for the accounting as well as for the presentation of the financial statements.

The reference currency for all transactions between the FIM and the FMNs and/or CONUs on the one hand and the FIM and the Delegates on the other hand is the EUR.

The official tariffs of the FIM services are defined in EUR.

The transactions denominated in foreign currency are converted into Swiss francs at the daily exchange rate in force at the time of the service provided or at the time of invoicing in the case of advance invoicing.

The realised and unrealised foreign exchange differences are entered in the accounts monthly and on separate accounts, for the purpose of analysis and presentation of the financial statements.

1.4 Cash Management

The cash on hand needed for the smooth running of the FIM as well as the excess cash is managed by the Administration, according to a modern cash management policy which is adapted to the needs of the FIM. This cash management policy is submitted by the Administration for the approval of the Board of Directors.

All financial commitments for the account of the FIM are governed by the principle of a collective signature of two. A rule of authority of signature and visa clearly defining the competence of each one is submitted by the Administration to the Board of Directors for approval.

1.5 Administration of the reserve funds

Unless otherwise stated, the competence of the management of the whole of the reserve funds is confined to a “Committee for the Management of FIM Reserve Funds”. The rules governing the nature, the number, as well as the allocation and use of the reserve funds are set out in Chapter 6 of these current Regulations.

2 Financial management and planning tools

The financial management and planning tools described below make up the main key indicators available to the Administration and the Board of Directors. These different key indicators are compatible and follow the format defined for the official presentation of the accounts and financial statements of the FIM.

2.1 Long-Term Financial Plan

A Long-Term Solidarity Plan is drawn up and up-dated, in principle, each year by the Administration before the General Assembly according to the long-term financial policy guidelines decided by the Board of Directors.

2.2 Annual operating budget

The annual operating budget is drawn up by the Administration, according to the long-term financial policy guidelines decided by the Board of Directors and transcribed in the Long-Term Solidarity Plan (see Chapter 2.1 above). It is submitted to the Board of Directors for approval and is an integral part, together with the annual investment budget, of the financial questions submitted to the General Assembly for approval.

The annual operating budget is accompanied by a concise explanation of all the anticipated proceeds and expenses. It will establish comparisons with the budget of the current year and the results of the preceding year.

The entire documentation is sent to the Board of Directors Members as well as to all the FMNs with the documentation of the General Assembly.

2.3 Annual investment budget

The annual investment budget is drawn up by the Administration according to its immediate needs in investment goods and for the year for which the budget is drawn up. It is established according to the long-term financial policy guidelines decided by the Board of Directors and transcribed in the Long-Term Solidarity Plan (see Chapter 2.1 above). It is submitted to the Board of Directors for approval and is an integral part, together with the annual operating budget, of the financial questions submitted to the General Assembly for approval.

The entire documentation is sent in due time to the Board of Directors Members as well as to all the FMNs with the documentation of the General Assembly.

2.4 Quarterly financial projections at 31 December of the current year

A quarterly financial forecast at 31 December of the current year is drawn up by the Administration according to the events known to it since the establishment of the annual budget and which could affect the anticipated result for the current year. These projections are submitted to the Board of Directors at each of its ordinary or extraordinary meetings.

2.5 Financial statements with budgetary comparison

The FIM financial statements with budgetary comparisons are published and distributed quarterly by the Administration to the Executive Board Members, to the Finance Committee members as well as to the Internal Auditors. The Commission Directors receive from the Administration quarterly financial statements with budgetary comparisons for their respective Commissions. More frequent financial statements are available and can be consulted at any time at the Administration.

2.6 Sales statistics

Sales statistics are edited quarterly by the Administration and may, at any time, be consulted at the Administration.

3 Financial responsibilities and scope of activities

3.1 Commission Directors

Commission Directors receive from the Administration a draft budget for their Commission, which is part of the overall operating budget of the FIM, after consultation with the Commission Directors.

The Administration issues quarterly financial statements to each Commission Director in order to identify the difference between the real amounts and the annual operating budget. Any deviation from the budget must be notified to the Administration as soon as the Commission Director is aware of any deviation. Nevertheless, it is also the duty of the Administration to draw the Commissions' Directors attention to any such budgetary deviation.

Furthermore, the Commissions' Directors are responsible for monitoring the accounts of their Commission, and have the necessary financial statements at their disposal in order to carry out this task.

3.2 Commission Coordinators

The Commission Coordinators assume the responsibility of the co-ordination of the sporting, accounting and budgetary activities of the Commission between the Director and the Members of the Commission, on the one hand, and the FMNs, Organisers and Promoters on the other. Furthermore, the Commission Coordinators assure the link between the Commissions and all departments of the Administration.

3.3 Administration

For expenses foreseen in the framework of the annual operating budget, commitments may be made by the Administration. Any foreseeable over-expenditure must be notified to the Executive Board or Board of Directors during the presentation of the quarterly financial forecasts.

For investments regularly entered in the investment budget, commitments may be made by the Administration. Any necessary investment and not planned in the investment budget must be the object of a request to the Board of Directors, or, in an emergency, to the Executive Board.

3.4 Board of Directors

For certain investments or non-operating expenses that could not be foreseen in the budget, commitments may be made by the Board of Directors and taken out of the Working Fund of the Board of Directors established for this eventuality. This is available to the Board of Directors for possible commitments that were not foreseen at the time of preparation of the annual operating or investment budget. These amounts may be spent by the Board of Directors or Executive Board in case of necessity up to the amount available in the fund.

4 Relations with the FMNs

4.1 Payment conditions

The following payment conditions are applicable to the FMNs and the specialised associations:

- The invoice concerning the annual subscription is due on 31 March each year. The FIM membership fees include the fees allocated for membership of a CONU. Therefore, each CONU receives each year 25% of the membership fees paid by their affiliated FMNs to the FIM.
- Invoices concerning registrations in the calendar are payable within 30 days, end of month, after the date of the invoice. The date of the invoice corresponds to the last working day of the month in which the event takes place.
- Invoices concerning the dispatch of licences, as well as other services rendered not specifically mentioned above, are payable within 30 days, end of month, from the date of the invoice. The date of the invoice corresponds to the last working day of the month.
- The amounts to be paid by the FMNs and advanced by the FIM are invoiced quarterly and are payable within 30 days, end of month.

Payable 30 days, end of month, means that payment for invoices issued during each respective month must be made within 30 days of that month ending, i.e. the last day of the following month. The date of the invoice corresponds to the last working day of the month.

In order to reduce the bank charges which have to be borne by the FMNs for bank transfers to the FIM, a minimum amount for an invoice to be issued is set at EUR 150.-. The amounts to be invoiced are accumulated until such time that the above amount is reached. Should the amount never be attained during the accounting year, the invoices are nevertheless issued in the month of December.

4.2 Communications with the FMNs

Any invoice or credit note made out to the account of an FMN is considered accepted by the FMN if, within a deadline of maximum 30 days from the date of the invoice, no written objection has been communicated to the FIM.

The Administration sends to each FMN a statement of account made up at 31 March, 30 June, 30 September and 31 December respectively of each year. The statement of account as at 31 December must be checked and returned to the Administration, duly signed as approval, according to the instructions transmitted by the Administration.

After the second reminder, an FMN that has not returned confirmation of the statement of account as at 31 December implicitly accepts the statement and shall, in principle, lose its right to any objection. If one or several invoices appearing on the statement of account of an FMN has to be contested by an FMN not having replied to the request of the FIM to confirm the balance of the account as at 31 December of the year in question, the FIM, in principle, has no obligation to reconsider the matter and the FMN shall thus lose its right to the afore-mentioned objection. Consequently, it is imperative and in the interest of each FMN that the balance of the account is accepted and certified accurate at least once a year, that is, at 31 December.

4.3 Payment arrears

- Any delay of more than 90 days for the annual subscription or more than 90 days and over EUR 1'000.- as regards the balance not including the annual subscription automatically entails for the FMN concerned the suspension of the right to all FIM services until the complete settlement of the outstanding debt, according to Article 11.1.5.2 of the Statutes.
- Any invoice outstanding for more than 90 days at the end of the month preceding the GA entails automatically, the suspension of the right to all FIM services as well as the loss of the right to vote at the General Assembly, according to Article 12.1.2⁴ of the Statutes.

- The Board of Directors may submit to the General Assembly the exclusion of an FMN whose statement of account at the end of the month preceding the GA shows outstanding invoices that have remained unsettled for more than 720 days.
- No grants or contribution are granted to an FMN with payment arrears.
- The Administration may, if it considers it appropriate, demand advance payment for its services to certain FMNs that have, in the past, had significant payment arrears.

4.4 Tariffs and request for FIM services

The tariffs of FIM services are fixed in EUR, proposed by the Board of Directors, ratified by the General Assembly and published by the Administration by means of circular letters. In order to reduce the risk of error and possible subsequent protests, only requests reaching the Administration by means of the on-line ordering system provided to this effect are taken into consideration.

FIM services can also be suspended, upon decision from the Board of Directors or FIM Executive Board, in case of non-respect of guidelines or requests of an administrative nature. The FIM services are restored once the FMN concerned has resolved the dispute with the FIM.

5 Grants and Contributions

5.1 Objectives of the FIM grants' and contributions' system

The FIM grants' and contributions' system must meet the following criteria:

- Be as fair as possible to all the FMNs and CONUs affiliated to the FIM.
- Be evolutionary according to the experiences, needs and possibilities of the FIM.
- Permit to define in advance and in an exact manner the total amount of the grants and contributions to be allocated.
- Permit the FIM to know which amounts are allocated to which FMN and CONU.

5.2 General points relative to the calculation of grants and contributions allocated by the FIM

The FIM allocates annually a substantial part of its revenue to the different grants and contributions, which present themselves under three different forms, that is:

- Event grants to the FMNs organising certain sporting events
- Administrative grants
- Allocations to a Reserve Fund for the Promotion of Motorcyclists' Activities (project contributions).

5.3 Event grants to the FMNs organising certain sporting events

Event grants in the form of direct payments are allocated to the FMNs organising certain World Championship and FIM Prize events covered by a contract with a promoter, in accordance with the breakdown of direct payments decided by the Board of Directors. These event grants are defined in EUR.

These grants are credited to the account of the FMN, the month following the event, on the condition that the event was successfully organised, according to the appreciation of the Bureau of the respective Commission. A direct payment is also possible. For obvious reasons of security, the organising FMNs wishing to receive a direct payment from the FIM must forward to the latter clear and precise written transfer instructions, duly signed by the President and/or Secretary General of the FMN.

The FMNs organising a round of the Circuit Racing Grand Prix World Championship receive a grant which is paid on 15 July for the FMNs organising a Circuit Racing Grand Prix between 1 January and 30 June, and 15 December for the FMNs organising a Circuit Racing Grand Prix between 1 July and 31 December. For obvious reasons of security, the FMNs organising a Circuit Racing Grand Prix send to the FIM before 15 July and 15 December respectively of each year, clear and precise written transfer instructions, duly signed by the President and/or Secretary General of the FMN.

When an event counting towards a World Championship or FIM Prize event is organised on the territory of another FMN, with the approval of the Board of Directors, in conformity with the Sporting Code, the direct payments are paid by the FIM to each of the FMNs concerned, in accordance with a prior agreement between the FMNs involved.

5.4 Administrative grants

The administrative grants are provided for CONUs. They are equitable and allocated based on needs. The administrative grants are paid in EUR.

The beneficiaries of an administrative grant must invest alongside the FIM.

The beneficiary of an administrative grant determines the use of the funds. However, the beneficiary undertakes to provide audited statements or other proof that the funds are being appropriately managed, if so requested by the FIM.

Where appropriate, up to 25% of an administrative grant may be held back by the FIM until fulfilment of requirements.

The amount of the annual subsidies available for all of the CONUs is decided by the Board of Directors. These subsidies are defined in EUR. The payment of this subsidy is made in a first instalment of one third on 31 March and a second of two thirds on 30 June as long as the official financial statements and the operating budgets prepared by the CONU, according to the standard format defined by the FIM are provided to the FIM within the deadline stated in Article 5.5.

5.5 Conditions that CONUs must fulfil in order to benefit from the FIM subsidy

These conditions apply to Administrative Subsidies (Article 5.4) and to contributions from the Fund for the Promotion of Motorcyclists' Activities (Articles 5.6 and 5.7).

- CONUs must submit to the Administration as well as to the Internal Auditors, by 31 May at the latest, the following documents:

- The official financial statements of the CONU for the preceding year, including the balance sheet and profit & loss statements for the period from 1 January to 31 December, according to a standard format defined by the FIM.
- The operating budget of the current year, according to a standard format defined by the FIM.
- Except in case of exceptional circumstances (e.g. cases of force majeure) duly recognised as such by the FIM BD, the CONU must have been represented at all the meetings of the FIM Board of Directors of the previous year either by its President or by the substitute of its President duly appointed by the CONU.

5.6 Allocations to the Fund for the Promotion of Motorcyclists' Activities

This Promotion Fund serves to finance certain specific projects having been the object of a request duly documented to the “Committee for the Management of FIM Reserve Funds”, according to paragraph 6.3.1 below.

5.7 Use of the Fund for the Promotion of Motorcyclists' Activities for Projects

5.7.1 General

FIM project subsidies are intended to develop motorcycling throughout the world in accordance with the FIM's strategic objectives.

The projects selected must meet several criteria. They must:

- a) contribute toward the attainment of the FIM's strategic objectives, that is to say they must form part of one of the strategic programmes approved by the FIM BD
- b) engender tangible and sustainable results for the FIM
- c) have a clearly defined time scale
- d) provide a detailed financial plan
- e) be financially affordable for the FIM, that is to say not exceed the financial resources available in the Fund for the Promotion of Motorcycling Activities.

The projects that benefit from FIM subsidies are defined by the FIM Administration on the basis of the following elements:

- a) The FIM Strategic Plan
- b) The proposals arising out of the FIM BD, FMNs and CONUs
- c) Cost-benefit analysis

The projects are steered by the FIM Administration with, according to needs, the participation of CONUs, FMNs and/or external partners. A detailed report on the follow-up of each project will be presented to the CMRF at the end of the project and at least once a year for initiatives to be implemented over more than one year.

5.7.2 Financing of the projects

The selected projects are financed by the FIM Fund for the Promotion of Motorcycling Activities.

This fund is fed through the mechanism of the FIM Operating budget.

The projects can be launched at any time once the CMRF has given its approval; the Administration can set up a timeline for receiving requests.

5.7.3 Approval of the projects

The CMRF reviews the projects submitted to it for approval.

The projects may be submitted to the CMRF at any time. Depending on the nature and complexity of the project submitted, the CMRF decides whether it needs to meet physically or whether other means of deliberation (e.g. a telephone conference or exchanges of emails) are possible in order to determine its position on the projects submitted.

The CMRF may, for each project, decide one of the following:

- a) to approve the project and the amount requested
- b) to approve the project and modify the amount requested
- c) to ask for changes to the project with a view to a subsequent review
- d) to refuse the project.

5.7.4 Management and monitoring of the projects

The projects are steered by the FIM Administration.

A suitable team shall be set up to meet the requirements of the project.

The Administration may involve CONUs and FMNs depending on the specific nature of each project.

Each project undergoes detailed monitoring by means of an evaluation report on the project results.

5.8 Prize-monies paid directly to the riders for the account of the promoter

Certain commercial contracts make provision for the FIM to handle the payment of prize money to the riders for the account of the promoter. In general, the amounts are paid within a maximum deadline of 15 working days following the event. The prize scale is in accordance with the articles of the rules applicable to the relevant Championship.

6 Management of the reserve funds

6.1 Principles of the management of the reserve funds

The accounts of the FIM are kept according to the principles applicable to reserve funds. Under these principles, the necessary resources for the realisation of the different objectives are classified, for accounting needs and the drawing up of financial statements, in distinct reserve funds according to their nature and aim. These reserve funds are used to finance the specific sectors and activities relative to the development policy of the FIM. Unless otherwise stated, any decision concerning the constitution or request for use of all or part of these funds is submitted to the “Committee for the Management of FIM Reserve Funds” for approval.

6.2 Committee for the Management of FIM Reserve Funds

The “Committee for the Management of FIM Reserve Funds” is composed of the President, the Chief Executive Officer and the Chair of the FIM Finance Committee. A member of the Administration officiates as Secretary of the “Committee for the Management of FIM Reserve Funds”.

6.3 Description of the FIM reserve funds

The reserve funds available are classified into two categories:

- The operational funds developed by means of a budgetary allocation, expenses submitted for approval together with the budget.
- The capital funds developed by means of a provision at the time of the allocation of the surplus proceeds approved by the General Assembly.

The operational funds are the following:

6.3.1 Fund for the Promotion of Motorcyclists’ Activities

This Fund is available to the “Committee for the Management of FIM Reserve Funds” to promote projects that will contribute to developing motorcycling throughout the world in accordance with the FIM’s strategic objectives. The use of all or a part of this Fund is submitted to the “Committee for the Management of FIM Reserve Funds” for approval. The preliminary conditions that must be fulfilled in order to obtain a project contribution from this Fund are described in paragraph 5.7 of the current Regulations.

6.3.2 Working Fund of the Board of Directors

This Fund corresponds to an amount available to the Board of Directors that allows it to release rapidly unforeseen non-operating costs that could therefore not be indicated in the operating budget. These funds can be released, in case of necessity, by decision of the Board of Directors or the Executive Board. The use of the whole or a part of this Fund is not submitted to the “Committee for the Management of FIM Reserve Funds” for approval.

6.3.3 Early Retirement Reserve Fund

This Fund corresponds to an amount available to the Board of Directors for the financing of the early retirement for FIM employees having worked for twenty years or more for the FIM. It is maintained and developed by means of a provision of a certain percentage of the total wages established according to the calculations of the actuaries of the Early Retirement Foundation for FIM staff and paid into the said Foundation. It may also be developed from time to time by means of a provision at the time of the allocation of the surplus proceeds. In case of insufficiency of funds within the Foundation in order to finance the statutory benefits, the Chief Executive Officer may decide on an additional transfer of the whole or part of this Fund to the Foundation after preliminary information to the Board of Directors or Executive Board. The use of the whole or a part of this Fund is not submitted to the “Committee for the Management of FIM Reserve Funds” for approval.

6.3.4 Insurance Reserve Funds

These funds correspond to an amount available to the Board of Directors to help the riders to cover medical expenses not covered by the mandatory insurance they pay for with their licences or to pay an extra premium. These funds can be released, in case of necessity, by decision of the Board of Directors or the Executive Board. These funds are maintained and developed by means of the allocation of the surplus, if any, between the insurance premium sold with the licence to the riders and the premium paid to the insurer. The use of the whole or a part of these funds is not submitted to the “Committee for the Management of FIM Reserve Funds” for approval.

The capital funds are the following:

6.3.5 Headquarters Extension Reserve Funds

This Fund corresponds to an amount available to the Board of Directors for financing extensions of the FIM headquarters. Funds can be released, in case of necessity, by decision of the Board of Directors or the Executive Board. The use of the whole or a part of this Fund is not submitted to the “Committee for the Management of FIM Reserve Funds” for approval. As appropriate, the balance of the Fund or the amount corresponding to the works carried out will be transferred into the FIM capital.

7 Administrative and sporting management

7.1 Subscriptions

The amount of the subscription, defined in EUR, is fixed by the General Assembly and is due on 31 March of each year.

7.2 Licences

The prices are fixed in EUR by the Board of Directors and ratified by the General Assembly. The validity as well as the tariffs for licences are published each year by way of an information letter. As a general rule, the FIM edits and sells the riders' licences and the officials' licences through the intermediary of the FMNs. Team licences are sold either directly or through an FMN.

Manufacturers' licences and tyre manufacturers' licences are sold either directly or through the intermediary of an FMN, without extra charge, to each manufacturer in conformity with the criteria described in paragraph 70 and following of the Sporting Code. Requests for manufacturers' licences that have to be invoiced to the manufacturers by the intermediary of an FMN must bear the stamp of the FMN in a visible manner. Any request for a manufacturer's licence that does not bear the stamp of the FMN will be invoiced directly to the manufacturer by the FIM. Manufacturers' licences invoiced directly to the Manufacturer are payable in advance. Manufacturers' licences invoiced to an FMN are payable within 30 days from the date of the invoice.

7.2.1 Officials' licence

The official's licence (*Superlicence excluded) is valid for the year during which the seminar takes place and the two following years. If the seminar takes place between 15 October and 31 December, the licence will immediately be valid for the time between the seminar and 31 December and then for the three years following the seminar. The licence will be invoiced by the Administration to the FMN concerned, in accordance with the tariffs in force decided by the General Assembly.

The official's licence is valid until 31 December with a three months' extension until 31 March following the year of termination of the licence.

7.3 Registrations for the calendar

The registration fees, defined in EUR, for the different events in the calendar are fixed by the Board of Directors and ratified by the General Assembly and are published by the Administration each year by way of a circular letter. In case of cancellation, a surcharged fee is invoiced to the FMNRs, in accordance with the Sporting Code.

These registration fees or surcharged fees can only be refunded in part or in total upon request, provided it is justified by an insufficient number of entries or “force majeure” and accepted by the Board of Directors or, if necessary, the Executive Board. Such a request does not exempt the FMN concerned from paying, within the due date, the fees or surcharged fees for the event concerned while the decision of the Board of Directors or the Executive Board is pending.

The registration fees include the costs pertaining to a final inspection of a track or circuit (see limitations described in paragraph 7.5 below), including the medical inspections carried out during the running of an event. Nevertheless, the “homologation fees” must be borne by the FMNR concerned and are not included in these registration fees. All other inspection costs must be borne by the FMNR.

7.4 Equal treatment and/or Solidarity Fund

Equal treatment and/or the Solidary Fund, defined in EUR, is a system of financial harmonisation aimed at making each FMN organising a round of a World Championship, participate in the transport cost of motorcycles as well as the riders’ travel expenses and one person from their personnel from one continent to another.

The registration fees published by the FIM for the World Championships for which an equal treatment and/or the Solidarity Fund is provided for mention the registration fees strictly speaking and the equal treatment and/or Solidarity Fund dues. The equal treatment dues are invoiced and are due at the same time as the registration fees to the calendar, that is, 30 days end of month after the date of the invoice. The date of the invoice corresponds to the last working day of the month in which the event takes place.

7.5 Inspections

During inspections of tracks or circuits, the costs of transport and accommodation of the inspectors and the technical costs (laboratory tests, simulation...) not borne by the FIM are invoiced to the FMNR, by way of the quarterly invoice of amounts payable by the FMN. When they concern a medical inspection taking place before the date of the event, these costs are invoiced to the FMN, by way of the quarterly invoice of amounts payable by the FMN.

The costs of transport and accommodation of the inspectors pertaining to a sporting and/or medical inspection taking place during the event are borne by the FIM and are included in the registration fees.

Specific “homologation fees” are settled as required by each discipline, and may also cover the check of plans for new circuits and tracks.

7.6 Seminars

7.6.1 CCR, CMS, CTR, CEN, CRT, CCP, CID, CEB, CTL, CMI and CTI Seminars

Every FMN and CONU can request the organization of a FIM seminar.

The following conditions must be fulfilled in order to organise a seminar:

- The seminar requests must be sent at least 2 months before the date of the seminar;

- A maximum number of 30 participants must not be exceeded.

The FMNs regularly organising an event counting towards a FIM World Championship, FIM Prize or FIM Touristic Gathering are entitled to organise a seminar per Commission every three years free of charge if a minimum of 6 licences are issued. If less than 6 licences are issued following a seminar the FMNR will be invoiced 25 U.V.

In all other cases, the FMNR will be invoiced 20 U.V. If less than 6 licences are issued following the seminar, the FMNR will be invoiced an additional 25 U.V.

In addition CONUs are entitled to organise a seminar per year per Commission free of charge, provided that a minimum number of 6 participants are preregistered.

7.6.2 Online seminars

FMNs can request online seminar and online test/assessment with the approval of the relevant Commission and the FIM Administration.

FMNs regularly organising an event counting towards a FIM World Championship, FIM Prize and/or a FIM Touristic Gathering are entitled to organise 1 online seminar per Commission every 3 years, free of charge, if a minimum of 6 licences are issued.

In all other cases, the online seminar will be invoiced 5 U.V.

The following conditions must be fulfilled in order to organise an online seminar:

- A minimum number of 6 participants must be registered;
- A maximum number of 30 participants must not be exceeded.

If less than 6 licences are issued following the seminar the FMNR will be invoiced an additional 25 U.V.

7.6.3 FIM seminars cancellation policy

In case of cancellation of the seminar by the FMNR, without valid reasons, up to 7 days before the seminar, the FMNR will be invoiced 10 U.V.

In case of cancellation of the seminar by the FMNR, without valid reasons, during the 6 days before the seminar, the FMNR will be invoiced 25 U.V.

7.6.4 Compliance with the FIM Seminars' minimum requirements

Should the FMNR not comply with the FIM Seminars' minimum requirements, as per the FIM instructors' check-list available in the "FIM Seminar Guidelines", the FMNR will be invoiced 5 U.V.

The Superlicence is valid for two years and covers the events of the years of validity of the Superlicence.

In all the disciplines, Clerks of the Course for the FIM World Championships, World Cup or Prize Events are required to attend the traditional seminar to obtain a Clerk of the Course/Sporting Steward licence when the current licence has expired. The Clerk of the Course Superlicence will be issued, sent and invoiced to the official's FMN only after the Clerk of the Course/Sporting Steward licence for the discipline has been issued.

The Clerk of the Course Superlicences are automatically shipped by the Administration to the FMN of the official in question.

7.6.6 Chief Medical Officer Superlicence Seminar

The World Championships and FIM Prizes Chief Medical Officers should be in possession of a Chief Medical Officer Superlicence:

- Grand Prix World Championship
- Superbike World Championship

To obtain a Chief Medical Officer Superlicence, the officials should have a Chief Medical Officer licence, be appointed by the organising club or the FMNR as a World Championship Chief Medical Officer of the discipline concerned and successfully complete a Superlicence seminar organised by the FIM.

The Chief Medical officers of the World Championships/Prize Events listed above who have successfully completed a Superlicence Seminar for three consecutive years will automatically obtain a Chief Medical Officer's licence with a validity of three years. This licence will be issued, sent and invoiced to the official's FMN.

The Superlicence is valid for one year and covers the events of the year of validity of the Superlicence.

The Chief Medical Officer Superlicences are automatically shipped by the Administration to the FMN of the official in question.

8 Allowances paid to delegates

8.1 Conditions for travel and accommodation expenses to be borne by the FIM

The FIM bears the travel and accommodation expenses of its appointed or elected members when they have been appointed by the FIM to fulfil a specific duty. These expenses are reimbursed according to a procedure and scale validated by the Board of Directors. Following the Commissions, the Administration draws up a list of all the appointed or elected members to whom the Commissions have entrusted a duty - with the approval of the Board of Directors - available on the FIM website. The circular regarding the FIM travel policy established each year at the beginning of the season defines in detail all of the principles and conditions described below.

The travel and accommodation expenses of the appointed members when attending the meetings of the Commissions, Commissions' Bureau and their respective groups are not borne by the FIM (with the exception of those of the Director).

The FIM bears the cost of the expenses incurred by the Members of the Board of Directors when they attend official meetings or when they fulfil special duties that the Board of Directors has assigned to them.

The FIM also bears the cost of the expenses of the Commission Directors, when these latter have been invited to attend meetings of the Board of Directors.

8.2 Travel expenses

8.2.1 Travel expenses by air

- For each nomination, the delegate organises his journey as soon as possible, but at the latest 30 days before the beginning of the event/meeting.
- The delegate is requested to buy his air tickets, without first asking the FIM, as long as the total air ticket amount is not more than the maximum amount as per the FIM travel policy.

- In such a case, the delegate sends to the Administration his supporting documents in order for the FIM to reimburse his air ticket plus an additional lump sum.
- In case the delegate does not manage to obtain an air ticket at the maximum tariff authorised, he sends the travel booking form to the FIM mentioning the air ticket price he found. The FIM issues the ticket or authorises the delegate to buy it himself.

8.2.2 Travel expenses by private car or motorcycle

- At the latest 30 days before his departure, the delegate must check (via the Web, through a software or by asking the FIM Administration) if the number of kilometres he will drive is higher than 1,800 km.
- If this is the case, the delegate must send to the Administration the travel booking form, requesting the FIM's authorisation to travel by private vehicle.
- In general, in order for the journey by private car or motorcycle to be accepted, the overall cost of travel from the place of residence of the traveller to the departure airport, the cost of an air ticket in the most economic tariff class available, plus car rental must not be less than the amount the delegate would be reimbursed for the kilometres covered.
- In this case, the delegate will be paid an indemnity for each kilometre travelled from his place of residence to the event and return, but to a maximum of 2'000 km. This amount includes all expenses involved, such as petrol, parking, motorway tolls, rail/road, supplementary insurance and depreciation costs of the vehicle. In the case of 2 appointments carried out consecutively, the maximum number of kilometres allowed is 3'000 km.
- Otherwise, in the event that the delegate nevertheless wishes to travel by private vehicle, only the above-accumulated cost and not the complete kilometre indemnity will be reimbursed.

8.2.3 Travel expenses by ferry boat and private car or motorcycle

If a delegate uses a ferry boat to go to an event, the FIM will reimburse the price of a 2nd class return ticket for one person plus private car or motorcycle. In this case, the delegate will be reimbursed according to the number of kilometres effectively travelled by car or motorcycle. The distance of the ferry trip should be deducted from the total number of kilometres. The original ticket must be attached to the expenses form.

8.2.4 Travel expenses by public transport

The FIM will reimburse a first class train ticket when this means of transport is used to go from the place of residence to the place of the meeting or from the place of residence to the nearest airport. The original ticket must be attached to the expenses form.

8.2.5 Car rental

When the trip from the airport of destination to the place of the event makes car rental indispensable, a car, and, as a general rule, only one per event (and not per delegate) may be reimbursed by the FIM. This means that the delegates appointed to an event must harmonise beforehand their different travel schedules.

Reservations must be made exclusively through the intermediary of the FIM Travel Coordinator.

Possible supplementary insurance to that included in the standard package determined by the FIM will not be borne by the latter. Parking fees, supplementary insurance costs, etc. are included in the lump sum for sundry expenses (see paragraph 8.3.3 below) and are therefore not borne by the FIM in the case of car rental. If necessary, supplementary insurance fees will be directly debited by the car renter from the credit card of the delegate left as guarantee or will be deducted by the FIM from the next expenses form of the delegate concerned.

Petrol fees of the cars rented are borne by the FIM after presentation of supporting documents.

8.3 Indemnities

8.3.1 Indemnities for accommodation expenses

The FIM provides a lump sum for accommodation per night spent away from the place of residence and having incurred accommodation expenses. No daily indemnity is reimbursed for nights spent in any means of transport (intercontinental flight, train, etc.).

The accommodation expenses must in no case be borne by the organiser or the FMNR. For certain sporting or administrative meetings, when the costs are nevertheless paid by the organiser, the FIM reimburses to the delegate a daily indemnity only for meal costs.

8.3.2 Coverage of 2 consecutive events (mid-week)

In the case where the FIM delegate is appointed to 2 consecutive events taking place on 2 consecutive weekends and when the FIM delegate travels from his place of residence to these events in one round trip, the FIM undertakes to pay his accommodation expenses for weekdays between the 2 events. However, the delegate shall provide an expenses form for each event.

8.3.3 Lump sum for sundry expenses

The FIM provides a lump sum for sundry expenses to cover parking fees, motorway tolls, taxi, telephone, fax, photocopies, newspapers, visas, supplementary insurance, etc., incurred when travelling for the FIM. Sundry expenses are paid for each nomination when a delegate carries out several nominations during one and the same trip.

8.4 Delegates' insurance

FIM delegates benefit from the following insurance covers when they have been appointed by the FIM to carry out an official function for its account:

Capital in case of accidental death:	CHF	500'000.-
Capital in case of accidental permanent invalidity:	CHF	500'000.-
Medical expenses abroad per person per incident:	CHF	1'500'000.-
Repatriation expenses:		Unlimited

8.5 Basic Allowance to Board of Directors Members and Internal Auditors

The President of the FIM, the Board of Directors Members as well as the Commission Directors have been granted a lump sum, of which the amount is fixed in the annual budget, to allow them to fulfil their official duties and their representation activities. The treatment of these indemnities is made in accordance with tax laws in force in Switzerland.

The Internal Auditors are compensated for their work and expenses each time they are mandated by the General Assembly or the Board of Directors to perform a specific task.

The objective of this Code, its Appendices and Regulations is to encourage and facilitate the practice of the motorcycling sport worldwide. It shall never be applied with the intention of impeding a competition from taking place or a competitor from participating in a competition, except if the FIM concludes that this measure is necessary in order to allow the motorcycling sport to be practised in complete safety, equity and regularity.

2 DEFINITIONS

2.1 APPENDICES

Appendices are specific rules applying to one or more but not all disciplines or category of meeting and are in addition to the rules laid down in the Sporting Code.

Regulations are specific rules applying to FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter and are published in addition to the rules laid down in the Sporting Code and in addition to the contract with the respective promoter.

2.3 VEHICLES, ENGINES AND SOURCES OF ENERGY

The Appendices, Rules and Regulations describe the racing formats and the classes or categories of vehicles eligible to compete in the FIM disciplines.

Such decisions must be referred to the Court of Arbitration for Sport, which shall have exclusive authority to impose a final settlement in accordance with the Code of Arbitration applicable to sport.

4 INTERPRETATION OF FIM RULES

In case of dispute regarding interpretation of the Sporting Code, the authoritative interpretation is determined by the Board of Directors.

The Sporting Commissions are the responsible authorities for the interpretation of their respective Appendices which relate to FIM World Championships and Prize Events and International Meetings.

The Commissions and Panels are responsible for the interpretation of their respective Codes.

The relevant body (see Art. 30.4.2.1) established by a contract between the FIM and the FIM promoter is responsible for the interpretation of the Regulations which relate to FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter.

In case of discrepancy or dispute regarding the interpretation between the two official texts, the English text will prevail.

10.1.1 FIM World Championships and Prize Events without a FIM Promoter

FIM World Championships and Prize Events are inscribed as such in the FIM Calendar in accordance with the conditions set forth in Chapter 30 of the Sporting Code.

In conformity with Article 3 of the FIM Statutes, the official titles of FIM World Championships and Prize Events in all disciplines of the motorcycle sport are the exclusive property of the FIM.

For the organisation of these meetings, the Sporting Code and the relevant Appendices will apply.

FIM World Championships and Prize Events are open to qualified or nominated riders of any FMN holding the relevant FIM World Championship or Prize Event rider's licence.

10.1.2 FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter

Pursuant to Article 3 of the Statutes, the competent bodies (see Art. 30.4.2.1) are empowered to adopt whatever sporting, technical, medical, environmental and disciplinary regulations they deem necessary for the organisation of the above-mentioned FIM World Championships and Prize Events resulting from a contract with a FIM promoter.

For the organisation of this category of meetings, the Sporting Code and the relevant Regulations will apply.

Riders participating in FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter must be holders of the relevant FIM World Championship or Prize Event rider's licence.

10.1.3 FIM Training Camps

FIM Training Camps are international sporting training activities organised at a particular place with the major aim of raising the level of riders within the participating FMNs and stimulating their participation in national and international championships, during which no form of competition shall take place. FIM Training Camps help and encourage countries to develop and implement training programs and are open to national and foreign riders holding a FIM Training Licence. FIM Training Camps may not be named as such without being submitted for approval in the FIM Calendar by the relevant FMNRs.

For the organisation of the FIM Training Camps, the Sporting Code and the relevant Guidelines will apply. The organisational responsibility shall lie with the FMNR and, if present, the contractual FIM promoter.

10.1.4 CONU Continental Championships

Pursuant to Article 12.6 of the Statutes, the Continental Unions (CONUs) may establish Continental Championships.

The relevant CONU Sporting Regulations, which must be drawn up in conformity with the FIM Sporting Code, will apply for the organisation of Continental Championships.

For each discipline, riders participating in the CONU Continental Championships must be holders of the relevant FIM Continental Championships licence or a licence accepted by the CONU.

The FMNRs and CONUs are held solely responsible for meetings that they organise.

10.1.5 CONU Training Camps

Pursuant to Article 12.6 of the Statutes, the Continental Unions (CONUs) may establish CONU Training Camps.

The relevant CONU Sporting Regulations, which must be drawn up in conformity with the FIM Sporting Code, will apply for the organisation of CONU Training Camps.

Riders participating in the CONU Training Camps must be holders of the FIM Training Licence or a licence accepted by the CONU. The organisational responsibility shall lie with the FMNR and, if present, the contractual CONU promoter.

10.1.6 Classic Events

These are international sporting events of which, it has been clearly established historically, have made a major contribution to both the development of the motorcycle and the establishment of the sport internationally but which are no longer associated with either FIM World Championships or Prize Events. Since the FIM is not in any way involved in the organisation of Classic Events, responsibility for the latter at all levels (organisational, sporting and disciplinary) shall lie solely with the FMNR.

Approval of a classic title is granted by the Board of Directors following a recommendation from the appropriate Sporting Commission.

10.1.7 International Meetings

International Meetings may not be named as such without being inscribed in the FIM Calendar by the relevant FMNRs.

Since the FIM is not in any way involved in the organisation of International Meetings, responsibility for the latter at all levels (organisational, sporting and disciplinary) shall lie solely with the FMNR.

The Board of Directors may authorise of one or more motorcycle meetings in a country where there is no FMN, under the authority/responsibility of an FMNR.

10.1.8 Continental Meetings

Continental Meetings are meetings taking place in one country only and inscribed as such by the FMN in the respective CONU Calendar.

These meetings are controlled by the CONU or a FMN designated by the CONU and are open to riders holding licences from the CONU or other licences accepted by the CONU.

10.1.9 National Meetings

These meetings are controlled by an FMNR and are held in their entirety in the national territory. In case of relocation, the agreement of the FMN where the event will take place is compulsory. These meetings are open to riders holding a licence issued by the FMNR.

For the organisation of these meetings, the national sporting code of the FMNR applies.

10.2 4-WHEELER AND MOTORCYCLE RACES AT THE SAME MEETING

Any combination of circuit races for 4-wheelers and motorcycles with 2 or 3 wheels is forbidden at any meeting in which the programme includes events counting towards a FIM World Championship or Prize Event. Exceptions may be granted by the Board of Directors upon request of the appropriate Commission.

10.3 RACES BETWEEN 2- AND 3-WHEELER MOTORCYCLES, QUADRACERS AND/OR 4-WHEELERS

Concurrent races between 2-wheeler, 3-wheeler motorcycles, quadracers or between sidecars and cyclecars and/or 4-wheelers are forbidden. Exceptions may be granted by the Board of Directors upon request of the appropriate Commission.

10.4 UNAUTHORISED MEETINGS

The organisation or running of FIM World Championships and Prize Events or an International Meeting or a series of International Meetings not conforming to the Sporting Code, its Appendices or the Regulations and not inscribed as such in the FIM Calendar is not recognised by the FIM.

10.5 SUPPORT RACES

Support races may be organised during a FIM World Championship and Prize Event with or without a contractual FIM promoter or an International Meeting when duly authorised by the relevant Sporting Commission or the relevant body (see Art. 30.4.2.1) established by a contract between the FIM and its promoter or the FMNR.

10.6 USE OF TITLES

The use of FIM titles e.g. FIM World and Continental Championships or Prizes, “Grand Prix”, “World Cup”, “Continental Cup” or any other description of a meeting which implies a World or Continental status, and/or use of the terms “International” or “Championship” as title or subtitle is reserved for meetings which are accordingly inscribed in the FIM or appropriate CONU Calendars.

These titles can be used in official documents, advertising posters, etc.

The title “Grand Prix” applied to international and/or FIM World Championships and Prize Events may only be used with the approval of the Board of Directors.

The titles of Continental Championships recognised by the FIM are the property of the relevant CONU pursuant to Article XI 1)1b of the By-Laws.

10.7 CIRCUITS, TRACKS AND VENUES

All circuits, tracks and venues, etc. used for FIM World Championships and Prize Events with or without a contractual FIM promoter must be homologated by the FIM.

Circuits, tracks and venues for a Continental Championship managed under the jurisdiction of a CONU are homologated by the relevant CONU. Circuits, tracks and venues homologated by the FIM are automatically homologated by the CONUs.

Circuits, tracks and venues used for International and National Meetings are homologated by the FMNR.

10.8 MEETINGS CROSSING SEVERAL TERRITORIES

When a FIM World Championship or Prize Event or International Meeting crosses the territory of two or more FMNs, the FMNR must obtain the prior written approval of all FMNs concerned if it concerns a stage with classification (outside of a liaison stage) and send these documents to the Administration at least two months before the start of the Event.

20 CALENDARS

The FIM publishes the FIM Calendar and hosts the CONU Calendars and the International Events on a dedicated platform. The FIM must reserve the right to withdraw an Event from these Calendars.

The FIM Calendar

Each year the FIM will publish on its website the list of all FIM World Championships and Prize Events with or without a FIM promoter. The list is called the “FIM Calendar”.

The FIM Calendar can be updated throughout the year by application to the FIM in accordance with Art. 20.2.

It is updated regularly by publications which give details of all additions or alterations to the Yearbook.

Each meeting listed in the FIM Calendar has a registration number (IMN) published in the FIM Yearbook and the FIM website. This number must be quoted in all correspondence relating to the meeting in question.

Calendar of the International Meetings

The Calendar of the International Events is published by the FMNRs and under their responsibility on the dedicated FIM platform.

20.1 ESTABLISHMENT OF THE FIM CALENDAR

The Board of Directors allocates dates in the FIM Calendar in the best interest of the motorcycle sport in general and avoiding, whenever possible, the allocation of meetings within the same discipline on dates or at locations which are identical or too close to one another.

If two requests of inscriptions for meetings of the same category and discipline are received in view of being inscribed on the same date in the calendar and the Board of Directors considers that it would be against the interests of the sport to accept both of them, the matter shall be finally resolved by the Board of Directors. The Board of Directors shall justify its decision in writing.

20.1.1 FIM World Championships and Prize Events without a FIM promoter

For each meeting counting towards one of the FIM World Championships or Prize Events, the FMNRs must submit their applications to the Administration.

Alternative dates may be quoted when applying for a FIM World Championship or Prize Event.

Applications for FIM World Championships and Prize Events will be examined by the appropriate Commissions which will fix the dates, venues/circuits/tracks and classes, subject to the final approval of the Board of Directors.

20.1.2 FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter

The FIM promoter shall submit the relevant provisional FIM Calendar to the Board of Directors within the deadline laid down in the contract signed with the FIM. The provisional calendar will include the venues and dates for the events counting for the FIM World Championship or FIM Prize Event for the following year. When proposing the calendar of events to the FIM, the FIM promoter shall also confirm to the FIM that it has entered into an agreement with a national organiser for each event and that each corresponding FMNR has been consulted in order to eliminate or minimise possible conflicts or optimise issues of organisers, venues and available staff.

Upon receipt of the provisional calendar, the FIM shall immediately inform all the FMNRs involved in the Calendar. Within 15 days of the delivery of the provisional calendar by the FIM promoter to the FIM, the FMNRs shall notify the Administration of any objection to the Calendar.

The FIM resolves without delay any possible dispute arising from the proposed Calendar between an FMNR and the FIM promoter.

After having been examined by the respective Sporting Commission and approved by the Board of Directors, the FIM Calendar is announced by the Administration and published in the FIM Yearbook and website.

The Administration shall convene a pre-calendar conference involving the respective FIM promoters during the course of the preceding sporting season. The Board of Directors will endeavour to obtain the announcement of pre-calendars as early as possible during the course of the preceding sporting season. It will also encourage long-term calendar planning by the FIM promoters.

20.1.3 CONU Calendars

The CONUs' Calendars of Continental Championships must be drawn up in conformity with their respective Sporting Codes.

No Continental Championship of the same discipline may be organised in the same country and on the same date as a FIM World Championship or Prize Event with or without a FIM promoter. The Board of Directors may make exceptions.

20.2 ADDITIONS AND ALTERATIONS TO THE FIM CALENDAR

20.2.1 Calendar of FIM World Championships and Prize Events without a FIM promoter

If the number of applicants for meetings counting towards a FIM World Championship or Prize Event exceeds the total number required or if the minimum number of applications is not met, the appropriate Commission can put forward a proposal to the Board of Directors, who will make a final decision.

If it is absolutely impossible for an FMN to accept the date allocated by the FIM at the General Assembly, the FMN concerned may, before 30 September, either withdraw the original application or make a new application for a change of date or venue, stating valid reasons. Any objection will be settled at the first meeting of the appropriate Commission at the FIM General Assembly.

If the new date application is refused by the Commission and this refusal is confirmed by the Board of Directors, the FMN may immediately withdraw the application for the meeting. In this case, the FIM may grant the meeting to another FMN whilst still maintaining the date originally planned.

Applications for changes of date received later cannot be accepted. In cases of "force majeure" left to its own judgement, the Board of Directors may decide to change the date of a FIM World Championship or Prize Event after the ratification of the FIM Calendar but at the latest at the following General Assembly.

In case of a subsequent cancellation, including any meeting for which a date change has been refused, the penalties as detailed in Art. 20.3 will apply. Furthermore, any application from the FMN in question will not be considered when Championship dates for the same competition are fixed for the following year.

If so requested by an FMN, the Board of Directors may decide to waive the above-mentioned penalties, but only provided that the cancellation was due to an insufficient number of entries or a genuine case of “force majeure” accepted as such by the FIM.

A short-term change of up to 24 hours necessitated by extraordinary circumstances is not considered as a change of date in accordance with the above-mentioned regulations.

20.2.2 Calendar of FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter

Applications introduced by a promoter for a change of date will be considered by the FIM.

Changes of venue, circuit or track may be accepted by the FIM within a reasonable term of notice.

The FIM Communication Department will immediately announce these changes by way of Press Releases.

20.2.3 Calendar of CONU Continental Championships

Alterations and additions to the CONU Calendar may be executed according to CONU regulations.

20.2.4 Calendar of International Meetings

Late inscriptions for International Meetings (i.e. after 30 November of the preceding year) can only be accepted up to 10 days (3 days for the CCP) before the date of the meeting.

The FMNR, in exceptional circumstances and for justifiable reasons, may postpone or cancel, or if it has already started or has already been completed, declare void an approved International Meeting as well as order an amendment to the results.

The Administration as well as all riders whose entries are submitted must be informed immediately about changes of dates or cancellations. A short-term change of up to 24 hours necessitated by extraordinary circumstances is not considered as a change of date.

In the case of a change or shift of date, the entries submitted will be valid only if the riders confirm acceptance of the new date of the meeting.

20.2.5 Calendar of Continental Meetings

Alterations and additions to the CONU Calendar may be executed according to the CONU regulations.

20.3 CALENDAR INSCRIPTION FEES

20.3.1 FIM World Championships and Prize Events without FIM promoter

The fees payable by the FMNR to the FIM for each inscription in the Calendar are established by the Board of Directors and approved by the General Assembly (see also Art. 12.1.7o of the Statutes).

For cancellations of FIM World Championships and Prize Events, the following regulations apply:

- after 31 October, but until 31 December of the preceding year, inscription fee to be surcharged: 50%
- after 31 December of the preceding year, inscription fee to be surcharged: 200%

These percentages are applied on the inscription fee, after deduction of the amount corresponding to the equal treatment.

These fees or surcharged fees can only be refunded in part or in total upon request, provided it is justified by an insufficient number of entries or “force majeure” and accepted by the Board of Directors.

20.3.2 FIM World Championships and Prize Events organised in partnership with a contractual FIM promoter

The fees payable by the FMNR to the FIM for each inscription in the Calendar are established by the Board of Directors and approved by the General Assembly (see also Art. 12.1.7 of the Statutes).

In case of cancellation by the FIM promoter for reasons which lie only with him, no surcharge fee will be applied and the fees will be refunded.

20.3.3 CONU Continental Championships

The fees payable to the CONU for each inscription in the CONU Calendar are decided by the respective CONUs.

20.3.4 International Meetings

The fees payable to the FMNR for each inscription in the FIM Calendar are decided by the respective FMNR.

20.3.5 Continental Meetings

The fees payable to the CONU for each inscription in the CONU Calendar are decided by the respective CONU.

Meetings counting towards a FIM World Championship or Prize Event are organised by the respective FMNRs.

The relevant FIM promoter shall provide a schedule of conditions applicable to the respective organiser.

30.4.2.1 Bodies established by contract between the FIM and its promoters

The contract signed between the FIM and its promoters may provide for:

- ii) a competent Commission, composed of representatives of the FIM and various parties involved, in charge of studying amendments to the Regulations proposed by the respective FIM Sporting or by other parties involved such as the riders, teams and manufacturers. All FIM Licences are supplied by the Administration and issued by the FMN of the applicant, except where otherwise provided for in Article 7.2 of the Financial Regulations.

The FIM or an FMN may:

- refuse to issue a FIM Licence for justifiable reasons. Any denial must be notified in writing and state brief reasons.
- withdraw or suspend a FIM Licence following the pronouncement, by the FIM or the FMN of the Licence holder, of a final disciplinary sanction.

70.2 FIM LICENCE FOR PARTICIPANTS

The FIM Licence is the document necessary for any individual or corporate entity wishing to participate in any capacity in the meetings organised under the authority of the FIM and/or the CONUs.

The holder of a FIM Licence commits himself to respect the FIM Codes, Regulations, Appendices and Instructions as well as those of the FMN issuing the licence, and to accept the penalties applicable in case of infringement of these regulations.

Furthermore, the FMN must ensure that the applicant is not suspended or disqualified by the FIM or a FMN for regulatory or disciplinary reasons.
- ⁷ A FIM Licence may be issued to a foreign rider, after the FMN to whom the application is made has obtained the approval (release) of the FMN of the country of which he is a national or in which the applicant is a permanent resident. This FMN has the possibility to impose upon the applicant the subscription of a national rider's Licence before issuing the release for the FIM Licence valid for FIM Championships, Prize Events or International Meetings. Such approval will be given only once for the period of validity of the licence. In case of dispute, the matter shall finally be resolved by the FIM (Administration). Requests for any additional international licence for the same period to another FMN are prohibited.

⁸ Nevertheless, should a rider be invited by the FMN of a country from which he possesses a passport to join during that same year the national team of that FMN, this rider is entitled to participate with his current valid licence for the discipline and/or championship concerned.

⁹ A rider with several nationalities may join only one national team in a year.

No protest can be lodged against a statement of fact pronounced by the Clerk of the Course, the Referee or the Start or Finish Marshal or any other executive official during the race or the timed practices. Statements of fact depend exclusively from a factual observation without any possible adjustment of the sanction which is statutorily and precisely stated in the relevant Appendices and Regulations.

Each protest must refer to a single subject only and must be presented within 1/2 hour at the latest of the publication of the results, unless otherwise provided in the Appendices of the Sporting Code. - Notice of appeal before the Court of Arbitration for Sport (CAS) - 5 days

The time limits shall be taken from the date of receipt of the decision by the appellant.

4.7 Lodging of an appeal

To be admissible, the notice of appeal must be sent by registered letter or special courier to the Administration and postmarked within the deadlines specified in Article 4.6.

The correct security deposit for appeal must be paid in to the Administration within the deadlines specified in Article 4.6.

Within 10 days following the notice of appeal the appellant assigns to the Administration a brief of appeal stating the facts.

If the CDI appeal was not lodged and/or the security deposit for appeal not paid in within the deadlines specified in Article 4.6, the LJI Director is entitled to declare inadmissible the appeal without hearing.

4.7.1 Security deposit for appeals

4.7.2 Security deposit payable upon an adjournment

If an adjournment to call further witnesses is ordered upon the request of one of the parties involved, this party must provide an additional financial guarantee within a time-limit to be fixed by the disciplinary body. The hearing will not be continued until this guarantee has been paid. In case of no provision of the guarantee within the time-limit, the disciplinary body will make a determination on the appeal based on the evidence of the original witnesses.

4.7.3 Time limits to be observed for appeal hearings

- The CDI must be convened to examine an appeal not later than six weeks after the date on which the brief of appeal is received.
- The CDI must in all cases pronounce a decision.

4.8 Effect of an appeal

On request of the appellant the CDI may decide a stay of provisional execution adjudicated by the International Jury, the Race Direction or the Referee by injunction or in its decision.

5. PROCEDURE BEFORE ALL THE DISCIPLINARY AND ARBITRATION BODIES

5.1 Right to a hearing

Any person or body punished pursuant to the Statutes, Codes or Rules of the FIM has the inalienable right to defend himself, either in person or by proxy.

Any party convened before a disciplinary or arbitration body has the right to be represented by one defence counsel of its own choice and at its own expense. Adequate notice of this intention must be given to the FIM in order that this may also be notified to all other parties in the case. Failure to do so may result in the disciplinary or arbitration body upholding an objection to such representation.

If any of the parties duly convened do not appear, judgement can be rendered by default.

The disciplinary or arbitration bodies may propose that the hearing take place by means of a telephone conference call, or through any other means of communication, using a telephone or electronic device. Such a method of conducting a hearing shall only take place with the consent of all parties involved.

5.2 The hearing

The hearing shall be public unless the disciplinary or arbitration body decides otherwise in exceptional cases.

The hearing shall be conducted in one of the official languages of the FIM. Should one of the parties wish to use another language, it shall provide the necessary interpreters at its own cost.

The appellant must be present or duly represented, failing which, the appeal will not be admissible and the costs shall be borne by the appellant.

Once the President has opened the proceedings, he will invite the parties involved to state their respective cases without the witnesses being present.

After statements of the parties concerned, the disciplinary or arbitration body shall hear the various witnesses and experts in order to complete the evidence. The parties involved in the case shall have the right to question all witnesses and experts on their evidence.

Any member of the disciplinary or arbitration body may, at any time during the hearing and with the President's approval, question any parties, witnesses and experts involved.

5.3 Witnesses and experts

Each party is responsible for the convening and appearance of its own witnesses, as well as their expenses unless decided otherwise by the Court.

The disciplinary or arbitration body has no authority to oblige the witnesses to swear on oath; therefore, testimony shall be given freely. The witnesses may only testify to the facts they know and shall not be allowed to express an opinion, unless the disciplinary or arbitration body should regard them as experts on a particular subject and should ask them to do so.

After having made their statements, the witnesses may not leave the Courtroom and shall not be allowed to speak to any other witness who has still to give evidence.

The Court may summon experts.

5.4 Judgement

Decisions of all disciplinary or arbitration bodies will be reached, in camera, by a simple majority of votes. All members will have equal voting rights which must be exercised when a decision is required. Abstention is not permitted.

Each member of the disciplinary or arbitration body binds himself to keep all deliberations secret.

5.5 Notification of judgements

The decisions of the International Jury, the Race Direction or the Referee must be notified directly at the event venue, or, failing that, addressed by registered letter with acknowledgement of receipt. All judgements of the CDI or the TAC must be notified, in writing, by registered letter with acknowledgement of receipt in order to inform all the parties concerned. The decisions of the CDI and TAC must also be communicated to all the FMNs of the parties involved.

5.6 Publication of judgements

The disciplinary or arbitration body adjudicating a protest or an appeal has the right to publish or to have its judgements published and to quote the names of all parties concerned. The persons or bodies quoted in these statements have no action against the FIM or the FMN concerned, nor against any person having published the statement. Furthermore, final decisions will be published in the FIM Magazine unless the Court itself decides otherwise.

6. COSTS OF PROCEDURE

The costs of a disciplinary or arbitration decision will be assessed by the Administration and will be awarded against the losing party unless the Court decides otherwise.

6.1 Payment of fines and costs

If the penalty is definitive and either the fine and/or costs are not paid within 30 days of notification of the judgement decision according to Article 5.5, the person or body affected by the decision shall be automatically suspended from participation in all FIM activities, until such time as full payment has been received by the Administration.

7. RECIPROCITY OF PENALTIES

As a consequence of the agreement of reciprocity concluded on 30 April, 1949 between the four organisations controlling motorised sports internationally, i.e., in addition to the FIM:

- the Fédération Internationale de l'Automobile (FIA)
- the Fédération Aéronautique Internationale (FAI)
- the Union Internationale Motonautique (UIM),

penalties of suspension or exclusion may also be applied to one or another of the sports represented by the above organisations, upon request of the FIM.

8. LAW OF MERCY

The Board of Directors, after consultation with the LJI Director or upon a proposal from the latter, may mitigate or completely dispense with the penalty of a person after having exhausted all the appeal procedures.

9. ARBITRATION CLAUSE

Final decisions handed down by the jurisdictional bodies or the General Assembly of the FIM shall not be subject to appeal in the ordinary courts. Such decisions must be referred to the Court of Arbitration for Sport (CAS), within the time limit of Appeal as laid down in Article 4.6, which shall have exclusive authority to impose a definitive settlement in accordance with the Code of Arbitration applicable to sport.
